June Newsletter

We are so excited to kick off the 2021 summer this month! We will be starting our new ex-S.T.R.E.A.M summer curriculum that gives us the opportunity to explore new themes each week.

Week 1: Code Busters Week 3: How's it Growing? Week 5: A Mazing Me-Anatomy

Week 2: Wild Things Week 4: Rock Out With Geology

Field trips will be starting this month and we ask that you update all information needed for your schooler to attend what we have planned. Five-year old's and up are eligible for field trips away from the school. However, we will be hosting in-house field trips and splash pad activities starting June 7th - August 6th for everyone.

We would also like to introduce our new director Ms. Stacy Garcia. She graduated from Grand Canyon University with a Bachelor of Science in Educational Studies. She has over 15 years of experience in Early Childhood Education both in and out of the classroom. She had begun with a goal of teaching in a public-school setting and one day, while sitting in her classroom of two-year-old's, it just hit her. THIS was where she wanted to be. It was so rewarding each day watching them grow into these tiny humans that were discovering the world around them! Eventually she moved into management as an Assistant Director and after 5 years, was ready to take on the role of Director. She has been a Director for almost 4 years at a previous center and is proud to have found her home here at Children's Lighthouse. She spends her free time with her 18-year old daughter as well as family and friends. She enjoys live music, cooking, and shopping (of course).

June Birthdays
