Craft Corner

Pom Pom Caterpillars

This adorable pom pom caterpillar craft is a perfect spring craft for preschoolers.

With just a few pom poms and one of our leaf templates, you can create a whole bunch of cute, tiny caterpillars to play with and decorate the room with.

April Family of the Month – The Parker's

Our family moved to the Woodforest neighborhood from Chicago and started with both Mason and Max at Lighthouse in January of 2023. We have been so happy with the change and are so grateful for Children's Lighthouse taking care of our children. Our kids love the school!! Max started in room 2 and is now in room 6, and even though Mason has started Kindergarten next door at Stewart, Lighthouse still makes her feel so welcome when she comes back to pick up her brother or for one off days she spends at the school.

Teacher of the Month

*Congratulations to Ms. Alexis
Infant Room 1*
