AUGUST 2017

A Note from the Owners...

Dear Childrens Lighthouse Families,

First and foremost, we want to THANK YOU for an incredible first year of being open! Our families and children are what put smiles on our faces each day and the motivation behind what drives us.

We couldn't have made it this far without our devoted and loving teachers. As you walk around the school, you may notice the new faces of staff and families, and thankfully this is because we are growing! We owe a lot of that to you guys for spreading the word! We also want to thank Ms. Vicki Craig for all of her hard work and dedication. We are so very excited for what's in store for this next school year!

Sincerely,
Kent and Kim Rogers

- Unsweetened Coconut
- Mini Chocolate Chips
- Chopped Walnuts
- Lemon Juice (optional)

DIRECTIONS:

1. Slice the apples into 1/4" slices using a large, sharp knife & remove the core.
2. If you're worried about the apples turning brown, you can toss them in a bag with a tiny bit of lemon juice.
3. Set apple slices on a paper towel and gently press on them with another paper towel to remove any excess moisture.
4. Spread a layer of peanut butter on each apple slice.
5. Then generously sprinkle the coconut on each apple slice.
