

KATIE KELLY

About Your Director

My name is Katie Kelly, and I am proud to serve as the Director of Children's Lighthouse of Gardner. I am passionate about early childhood education and believe these early years are the foundation for a child's confidence, curiosity, and love of learning.

I bring several years of experience in early childhood leadership, supporting schools in strengthening program quality, building positive team culture, and creating environments where children and educators thrive. I have also helped develop programs focused on hands-on, engaging learning, including STEAM-based experiences.

My goal is to create a safe, calm, and nurturing environment where every child feels loved and supported. I am equally passionate about supporting teachers, building strong relationships with families, and creating a school community we can all be proud of.

I am excited to be part of this journey and look forward to growing together as a team and community.
