

CHILDRENS LIGHTHOUSE AT HOME WEEKLY ACTIVITY PLANS

2 Years Old

Theme: Plants, Flowers, Ocean Animals

Week 6

Title	Supplies Needed	Activity Steps
Shapes Review	Shapes Review activity page, pencil, crayon, or marker	Print the “Shapes Review” activity page. Ask your child, “Can you show me the circle shape?” As your child points to the circle, cross off the word circle. Continue until all shapes have been successfully identified. Extension: Have your child circle the correct shape and then color it.
Rainbow Fish	Rainbow Fish activity page, different colors of construction paper, scissors, glue	Watch: Rainbow Fish by Marcus Pfister. Print the Rainbow Fish activity page and cut out the fish. Cut up different colors of construction paper into small strips or squares. Help your child glue the pieces of construction paper on the fish outline to create a colorful Rainbow Fish. Alternative: Instead of cutting the construction paper, your child can tear up pieces to use.
Spanish and Sign-Language	Spanish and Sign-language activity page	Use the Spanish and Sign-language activity page to help your child learn the sign-language signs. Repeat the Spanish words until your child learns how to pronounce the words. Once your child can successfully sign and say the words in Spanish, ask him/her to review the words.
Ocean Snacks	6 oz. box gelatin – berry blue, whipped topping, 2 cups boiling water, 2 cups cold water, clear cups or small glasses. OPTIONAL: gummy sharks or goldfish crackers. ALTERNATIVE: If you do not have gelatin; you can use a blue drink instead	Add 2 cups of boiling water to the box of gelatin in a mixing bowl. Stir until completely dissolved. Stir in 2 cups of cold water. Pour the liquid gelatin into clear cups or small glasses. Refrigerate for 4 hours or until firm. Add whipped topping on top of each. OPTIONAL: Place a gummy shark or goldfish crackers on top of the whipped topping. ALTERNATIVE: If you do not have gelatin; you can use a blue drink instead.
Sunflower Counting	Sunflower Counting activity page, any small edible item that is not a choking hazard, such as cereal pieces	Print the Sunflower Counting activity page. Place the number of cereal pieces on the sunflower that matches the number. Example: Place 3 or cereal pieces on the sunflower that has a 3 on it. Repeat until all flowers have the correct number of cereal pieces on them.
My X Lines	My X Lines activity page, pencil, crayon, or marker	Print the My X Lines activity page. Have your child practice drawing the letter X.

Shapes Review

Adult: Ask your child, “Can you show me the circle shape?” As your child points to the circle, cross off the circle. Continue until all shapes have been successfully identified.

Extension: Have your child circle the correct shape.

Circle, Triangle, Square, Oval, Diamond, Pentagon
