

# February Newsletter

## Children's Lighthouse of Harvest Green

Dear Lighthouse Families,

Happy February! We had an exciting January filled with learning and fun! Our dedicated teachers participated in enriching training sessions to enhance their skills and bring even more joy to our classroom.

This past month, we dove into the fascinating world of Arctic animals, featuring our Book of the Month: \*Penguin ABC\* by Jan Brett. The children loved exploring the snowy habitat and learning about these adorable creatures.

As we move into February, we want to remind you that it's Parent/Teacher Conference Month! Please reach out to your child's teacher to schedule a time to discuss their progress and experiences. Also, mark your calendars for Friday, February 13th! We're throwing a Friendship Day celebration, so wear your pink or red outfits and join us in spreading love and kindness. We'll also be celebrating Children's Lighthouse-Harvest Green's 7th birthday on the same day! Treats will be available in the afternoon for both kids and parents. Our celebrations will continue with Lunar New Year on the 17th and Go Texan Day on the 27th! We have an exciting month of celebrations ahead!

Thank you for your ongoing support. Here's to another wonderful month of learning and fun!

-Shannon Maddasion/School Director

**Math & Manipulatives:** Shapes, Sequencing, Patterns  
**Book of the Month:** Author: Mo Willems, Book: Alphabet Book Modes Of Transportation  
**Character Value:** Truthfulness

### School Age

#### **Character Value For The Month: Truthfulness**

Whether your child is enrolled in our full day Virtual Learning program or our Before & Afterschool program, he/she will be participating in our new School-Age **Quest** Curriculum.

With the **Quest** curriculum, the children can choose different challenges in a variety of S.T.E.A.M. based interest areas including science, technology, engineering, art and mathematics. After they complete their chosen challenge, they will receive a cog (similar to a badge). These challenges can be done individually, with a partner, outdoors or even within the community. The children will continue to receive cogs as they complete challenges daily.

The **Quest** curriculum includes an emphasis on character values and community service. The curriculum develops critical and higher-level thinking skills while having a strong outdoors component.

**Happy Birthday!  
Month of January**
