March Newsletter

Children's Lighthouse of Harvest Green

Dear Lighthouse Families,

Looking back at this past month has been so exciting and heartwarming. This past month, Children's Lighthouse-Harvest Green was buzzing with excitement for reaching its 5-year anniversary! We are incredibly grateful for the support and trust our families have shown us over the years. This milestone is a testament to the hard work of our staff, and we look forward to many more years of nurturing and inspiring young minds.

This past month was a whirlwind of joyous celebrations. From bringing in the year of the dragon with our Lunar New Year activities, celebrating our friendships on Valentines' to letting the good times roll with our Mardi Gras celebration, fun was definitely in the air. It was also our pleasure to donate our buses for transportation to East Fort Bend Human Needs Ministry's 2nd Annual Chili Cook Off! We were glad to help with the transportation needed so people attending could have a great time and give back to an organization that helps our community.

We kick off the March with Dr. Seuss's birthday with a presentation and carry on the fun with spirit week. Don't forget to spruce up the kiddos for picture day (please inquire front office for exact dates) we can't wait to see their adorable smiling faces light up the room. Finally, we are very much looking forward to our Spring Social event on March 29th, which will include egg hunting, DJ, snow cones, bounce houses and so much more. Let the celebrations continue!

-Shannon Maddasion/School Director

Math & Manipulatives: Shapes, Number Sets, Patterns
Author/Book of the Month: Author: Dr. Seuss, Dr. Seuss's ABC
Character Value: Truthfulness

School Age

Character Value For The Month: Humor

Whether your child is enrolled in our full day Virtual Learning program or our Before & Afterschool program, he/she will be participating in our new School-Age **Quest** Curriculum.

With the **Quest** curriculum, the children can choose different challenges in a variety of S.T.E.A.M. based interest areas including science, technology, engineering, art and mathematics. After they complete their chosen challenge, they will receive a cog (similar to a badge). These challenges can be done individually, with a partner, outdoors or even within the community. The children will continue to receive cogs as they complete challenges daily.

The **Quest** curriculum includes an emphasis on character values and community service. The curriculum develops critical and higher level thinking skills while having a strong outdoors component.

Happy Birthday!
