## Children's Lighthouse of Harvest Green

Dear Lighthouse Families,

As we round up the school year, we would like to thank all teachers, staff, and parents for making this school year such a memorable one for our kiddos. Children's Lighthouse-Harvest Green would also like to extend our heartfelt gratitude to our amazing parents, staff, and community who helped raise over \$4,100 for the St. Jude organization during our recent Trike-A-Thon event. Your dedication, support, and generosity have made a significant impact in the lives of children battling cancer. Thank you for being superheroes in our mission to make a difference.

We have a fantastic lineup of events planned for the month of May. Firstly, we can't wait to celebrate our amazing teachers with treats planned for them throughout the week. We encourage you to treat your child's teacher or use this week as an opportunity to express your gratitude. Next, we have planned a Mother's Day Brunch where we invite you to celebrate with us with delicious treats, laughter and love. Last, but certainly not least, we are thrilled to announce the upcoming Pre-K/APK graduation ceremony. This graduation holds a special significance as it marks an important milestone for our first group of children who started their journey with us in our youngest baby room. We couldn't be prouder of their growth, achievements, and the bright futures that await them. May is sure to be a month filled with joy, appreciation, and celebration!

-Shannon Maddasion/School Director

**Math & Manipulatives:** Squares & Rectangles, Measure & Weight, sets of 10

**Author/Book of the Month:** Leo Lionni/ABC Ocean

**Character Value:** Kindness

## School Age

### **Character Value For The Month: Kindness**

Whether your child is enrolled in our full day Virtual Learning program or our Before & Afterschool program, he/she will be participating in our new School-Age **Quest** Curriculum.

With the **Quest** curriculum, the children can choose different challenges in a variety of S.T.E.A.M. based interest areas including science, technology, engineering, art and mathematics. After they complete their chosen challenge, they will receive a cog (similar to a badge). These challenges can be done individually, with a partner, outdoors or even within the community. The children will continue to receive cogs as they complete challenges daily.

The **Quest** curriculum includes an emphasis on character values and community service. The curriculum develops critical and higher level thinking skills while having a strong outdoors component.

HAPPY EARTH DAY

## Happy Birthday!
