

Dear Families,

Summer has started off with a **BLAST!** The children have had so much fun with the **Field Trips** for the older children, in-house visitors like **Nutty Scientists, The Amazing Blake the Magician**, and **Wild Safari Petting Zoo** as well as Art and Craft activities and the delicious cooking projects—from **Pizza** to **Fruit Kabobs**.

We've learned about **Physics, Zoology, Botany** and **Anatomy**.

July is going to be another busy and fun month. The children will discover **Archaeology, Paleontology, Oceanography**, and **Geology**. We will discover **Ancient Egypt**, encounter **Crocodiles**, cook **Dino Eggs**, make an edible aquarium and even ride a **Trackless Train**.

I hope you will be able to join us and your children for some of the fun we have planned.
