Room 1
Ms. Damily &
Ms. Teresa

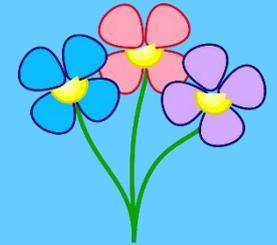

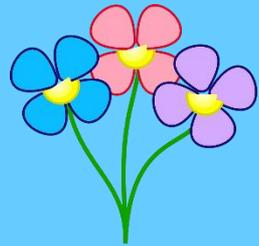

News

For the month of January, we learned so many things! We did many arts and crafts this month such as coloring a circle blue, making feet snowmen, and finger painting. The babies also had the opportunity to learn about different textures and got to dip their fingers in flour. We had a great month!

Room 2
Ms. Darlene,
Ms. Dayanne, &
Ms. Destiny

News
This month our little friends played in flour with their fingers and toes. We also had fun playing with toy phones, foot rattles, and food containers. Room 2 also enjoyed playing with paper toss balls and looking at babies on our picture blocks. Our teachers read several books and our friends danced to songs sung by the teachers. We are ready to see what else we can explore!

LOVE

Infant 3 Lesson Plan

Theme: Windows, Walls, Doors, & Hallways

Baby Sign: Cereal

Color: Red

Shape: Heart

Spanish: Window- La Ventana

Song: "Go In and Out the Window"

Rhyme/ Finger Play: "I See the Moon"

Room 3
Mrs. Vanessa,
Ms. Lupe, & Ms. Kayrie

News

Room 3's firecrackers blasted off into a great New Year! We played with dinosaurs and roar around the class.

We are practicing drinking out of open cups and eating by ourselves. Room 3 is learning so much sign language as well as using our words. Let's see what February has in store for us!

Toddler Lesson Plan

Theme: Sky

Baby Sign: Cookie

Color: Red

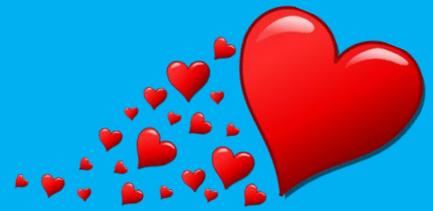

Shape: Heart

Spanish: Rain- La Lluvia

Song: "Rainbow Colors"

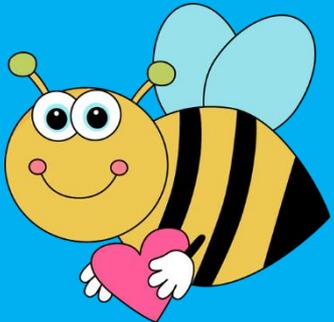

*Rhyme/ Finger Play: "I Wonder
Where the Clouds All Go"*

Room 4
Mrs. Theresa &
Ms. Jazmin

News

This month we learned about space and went over the planets. We had activities that focused on the stars, and we also sung to "Twinkle, Twinkle, Little Star". Our favorite sensory activity was making snow and exploring the texture of it. It fit right in with the weather we've been having. We had a fulfilled month; we are eager to explore more in the month of February!

CARES Lesson Plan

*Theme: Our Universe,
Birds, & Transportation,*

Sign: Flag

*Spanish: Flag- La
Bandera*

Character: Truthfulness

Alphabet Letters: U, N, W

*Room 5
Ms. Jayde &
Ms. Destyni*

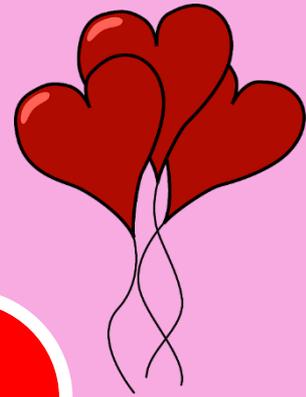

News

This month, we welcomed in the new Year by gaining four new friends! We learned letters such as "J, P, and L". Room 5 learned about the seasons and our friends enjoyed playing with toy polar bears. They learned more about magnets and how they connect. We are looking forward to seeing what the rest of the year has for us!

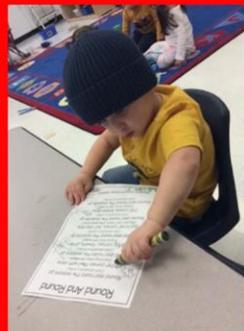

Room 6
Ms. Brianna,
Ms. Bri, & Ms. Kate

News

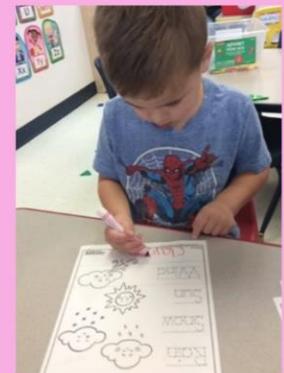

Room 6 is super excited to see what the New Year will bring us! This month, we discussed seasons and what they look like. Every morning, our weather helper would tell us what they saw, and we would go over the weather. Our friends experimented with magnets and felt when the charges pushed each other. Since we learned about arctic animals, we read one of our favorites, "Polar Bear, Polar Bear". We are very excited to enter February and learn some more!

Room 7
Mrs. Sarahi, Mrs.
Adriana, & Ms. Jillian

News

During the first month of the year, we learned about weather, seasons, and holidays for each season. We also discovered the “magic” magnets possess and we got to learn cool facts about polar animals. We were excited about the New Year and all the fun we had during the holidays. For sure our class is excited for Valentines, and we can't wait to enjoy sweet treats!

Room 8
Ms. Michelle, Mr. Jeremiah,
& Ms. Cassandra

News

Hello parents! We made it to a New Year! We started to experiment with magnets. The children saw how opposites do not stick together, and how adding more magnets makes them pull stronger. Talking about new experiences, some of us had the opportunity to see snow, and learned that it is part of our winter season. We conducted a class vote, and everyone voted that summer is their favorite season. Can't complain there, who doesn't love the beach weather! We are excited for what's to come and all the new projects.

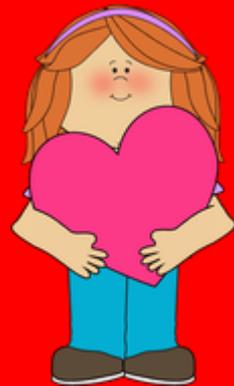

happy
Valentine's
day

APK
Ms. Maria, Mrs. Shannon,
&
Mrs. Joy

News

In the month of January, the APK class has started on their reading. They are doing a great job with it! Also, for this month, we discussed about a special day, Martin Luther King Jr., the 3 states of matter, static and electricity, and our 4 seasons. The class really enjoyed learning about all of them. We are on to newer and bigger things in APK!

School Age Ms. Sam

News

In room 10, we learned about the diversity in our community. We celebrated Martin Luther King Jr. and had a few discussions about the diversity, history, and why we celebrate it. We also learned why it's important to be nice and connect with our friends during the Quest challenges, such as hoop it up, Lighthouse Winter Games, and Give Me Shelter. We have started on the right track, and we are eager to conquer this year!
