Craft Corner

January's Family of the Month – The Vine's

Materials:

paper towel or toilet paper tubes, construction paper cut in 1 inch wide strips, tempera paint and painting supplies, scissors, glue, stapler, googlie eyes, glitter glue, stickers, other embellishments

Directions:

Cut a piece of cardboard tube approximately 3 inches in length. Cut a mouth shape at one end. Paint inside and out. Start on the snake's the body while the paint dries. Glue the ends of two contrasting strips of construction paper together at a right angle. Fold the bottom strip over the top strip, making sure they remain perpendicular. Crease the fold. Continue criss-crossing bottom over the top, keeping the strips at right angles to each other. When you reach the end of the strips, leave a 1 inch overhang, trimming if necessary. Glue another paper strip to each of the two ends, overlapping by 1 inch. Continue folding and adding strips until the snake body reaches the desired length. Glue the ends together leaving another inch of overhang. With the top of the snake's head facing you, glue the ends of the strips inside the back opening. Squeeze the opening closed and trim the corners to round out the back of the head. Staple it closed. Add eyes, fangs and a tongue. Embellish with some glitter or stickers.

We are excited to be back in Texas surrounded by friends and family. As a full-time single mom, I work at Modern Smile Center, where I'm dedicated to my career while balancing life with my wonderful daughter, Juliette. We're grateful for many things, including the support of Children's Lighthouse, which has been such a blessing to us.

Juliette and I enjoy taking walks together and love visiting Oh Toodles for fun outings. Breakfast is our favorite meal of the day. We also have a beautiful view of the wildlife in our yard, where we love watching the deer come to eat. Meeting new friends and connecting with the community has been a highlight of our move, and we're excited to explore everything this area has to offer.

Work Anniversary
