News

Room one learned the star shape this month. We made footprint Christmas Trees with a star on top. We also learned the colors red and green. Those colors we used on our tree as well. We sang, "Old Mac Donald Had a Farm", making animal sounds! Our teachers read books to us about animal sounds and some of our favorite book such as, "Polar Bear, Polar Bear, What do you hear", and "Moo, Boa, La la la", was great! We had a terrific month but we are very excited for the New Year!

News

We had so much fun this month! We did bubble wrap art, making handprint wreaths, and Old Mac Donald farm animal handprints. We played with our Jack in the Box and pop up pals. To incorporate dramatic play this month, we played with toy phones and rain sticks, and enjoyed reading books with sounds! We learned so much, but eager to learn more in the New Year!

News

The month of December was lots of fun. We practiced so hard for the Christmas performance, loved singing "Santa Shark", and learning the dance moves! We painted firecrackers in the sky on the blue construction paper. We talked about noise and made lots of noise by clapping and playing with our bell bracelets. We've been singing the clean-up song to help us transition to lunch. We had a very Merry Christmas in room 3, and growing very fast, we are ready to jump into the New Year!

News

In December, we learned more about the "triangle" shape. We did a cool activity making a triangle out of popsicle sticks. We also practiced advanced motor skills, by pouring and filling liquid into the sensory bucket we made. Room 4 also made cute snowmen, and Christmas ornaments! We had lots of fun this month and can't wait for the month of January!

News

This month was a lot of fun. December is always the best month for room five! We learned about our five senses and did activities where we were able to utilize all of them. We got to decorate a Christmas tree for center time. We also learned about reindeer and gingerbread. We got to try some new treats during lesson, made candy canes, and homemade playdough. We enjoyed performing our dance at the Christmas program, and made small gifts for the parents. We are excited to start the New Year!

News

Room 6 enjoyed the month of December! We learned about our 5 senses and parts of the body that we use with our senses. We also participated in our annual Christmas performance where we sang and danced for all of the parents! This was our class's favorite part! We also learned about reindeer, Mexico, and gingerbread. We discussed the importance of "Patience", which is the character value of the month. I want to thank all the parents who donated to make our Christmas performance outfits, they came out super cute! We are ready to jump into the New Year!

News

In room 7, we enjoyed discussing about our 5 senses, and learning what body parts help us when using a specific sense. Our friends looked amazing at the Christmas program and did a fantastic job on their songs. In this month we did so many activities surrounding the gingerbread man, reindeers, and Christmas Trees. We ended the year off strong, but we are anxious to jump into the New year to learn more!

News

In the month of December, we learned about the five senses. It was so exciting, especially when we tasted the different food items. Reading different versions of the "Gingerbread Man", was so much fun. We discussed the characters, setting of the story, and decorated a gingerbread man ornament. We had a blast making Christmas arts and crafts such as poinsettias and Christmas Trees. We are happy to say welcome back to our new friend Jacob and to start the New Year!

News

In the month of December, APK learned about their 5 senses. We did a few experiments with food for tasting, touching, and smelling. We discussed about the Christmas flower, poinsettia. The class continued to do a great job on their phonics and handwriting. We are ready for a New Year to progress even further into their academics. Half the year has gone by and APK continues to do amazing!

News

The month of December has been completely fun filled! With our December theme being "paper", every project and activity has revolved around paper. Room 10 has made paper gingerbread men, colored paper stockings, and we even made paper snowflakes! Since Christmas has been on everyone's mind, we had a chance to do a Christmas word search and crossword puzzles. The friend's in room 10 would like to wish everyone a Happy New Year in 2020!
