January 2022

Director's Corner...

Happy New Year to all of our Lighthouse Families! We are so thankful for all the joy that your children shared with us in 2021 and look forward to all that is up ahead in 2022! Despite all of the challenges, there really has been so much to celebrate. We hope that you all had a joyous holiday season with your families.

As we move into January, be on the lookout for surveys (sent via email) where you will be able to share your child care needs for the upcoming summer and fall seasons. This will help us plan for the next year and be able to share as much information with each of you about all that we have planned for the future.

As we move into the height of the regular sickness season, which is in addition to any possible challenges with the new COVID-19 variant, we wanted to send a reminder to monitor children for any signs or symptoms of illness. We are doing our best to be diligent to identify symptoms swiftly but appreciate your partnership in this area as well and ask that you keep ill children at home. Please continue to include handwashing as part of your child's drop-off routine each morning as we know that this is a huge contributor to keeping germs away. We hope that this helps ensure that all our children remain as healthy as possible.

We wish your families the happiest of New Years and continued health and happiness in 2022.

-Courtney and Marisa

Her littles love when she blows bubbles outside for them to giggle at and chase around the playground. We love the care and attention she shows to her little friends and are so thankful for her efforts. Join us in applauding her on a job well done!
