EXCITING NEWS

Happy New Year! As most of you know we are constantly growing and several of our classrooms are almost full. It is with great excitement that I announce that starting January 10th we will be opening an additional three-year-old classroom. The purpose and hope for our new room will be to help cut down on the number of children in our classes and to also help the teachers make their class even better than it is now. Our goal is to be able to do more small groups with the children so that we can make sure they are having tons of fun but also learning more than ever. Ms. Rebecca will be in the classrooms more - supporting the teachers and giving them the necessary tools, they need to bring the curriculum up to the next level. We will also start doing transitions for all students so be on the look out for information regarding your child's new room and teacher. As always, we appreciate everyone trusting us to love, teach, and care for your babies every day. Thank you for being a part of the Children's Lighthouse Family.
