What's Happening

Happy 2026 to everyone!!

Welcome to all our new friends and families. This month we are excited to kick off the new semester with fun filled learning experiences.

Thank you to all the families for your support and contributions to our food drive last month. The local food bank was very appreciated and looks forward to our continued joint endeavors together.

Giving to a Tulip family- Project Joy & Hope

We are asking for a donation of a \$20.00 gift card to help support a family that is currently residing at the Tulip campus. We will gather all the gift cards and make a bouquet for each family that is currently staying on the campus to bring some New Year cheer to them.

The Tulip Project is a family-friendly residential campus, designed to support seriously ill children and their families. Located on Tulip Street in Pasadena, Texas, near Beltway 8, the Tulip Project consists of twelve (12) duplex style units. Each unit has three bedrooms, two baths, and is designed to assist families with children who are waiting for or recovering from transplant, requiring treatment at the nearby Texas Medical Center, or utilizing palliative care services.

Parent's Corner

Skills such as taking a first step, smiling for the first time, and waving "bye bye" are called developmental milestones. Children reach milestones in how they play, learn, speak, act, and move.
