Ms. Dayanne

News

Hola! We kicked off the summer with awesome sensory projects! We played in flour with our toes and fingers. and with floating fish! Our class enjoyed playing with food boxes, can, and food container rattles. We Started the summer off real cool!

Room 3
Mrs. Vanessa, Ms. Jazmin,
& Ms. Alana

News

In room 3 we began the summer by making bird nests! We made gifts for dad, and parent books so we can our mommies and daddies during school. Splash days have been awesome, and our favorite activity was looking for yellow items through out the class! We are excited for summer!

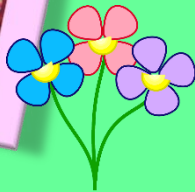

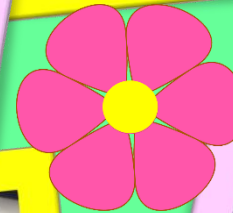

Room 4
Mrs. Theresa

News

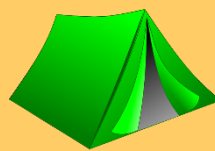

For the month of June, we had fun kicking off our first splash day for the summer! We also explored more with sensory and are absolutely in love with our new washing center. The children enjoyed washing the babies and playing with shaving cream in the center. Room 4 also painted their family tree and we learned about our friends and families. The summer has started good for us!

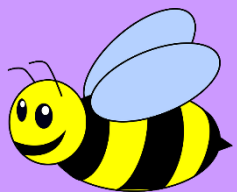

Room 5
Ms. Kayla & Mrs. Mariana

News

It's summer! June kicked off with a review week and getting to know some new faces. We had a decoder week where we got to wear secret agent badges and tried some fun experiments! Room 5 learned about different animals, built a Zoo and made dog treats! A special project for us was when we planted veggies and had the opportunity to taste them as well. Summer has been so much so far, can't wait to see what July has in store!

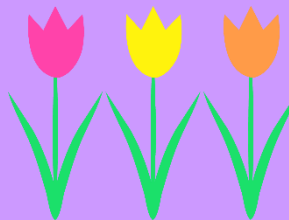

Room 6
Ms. Brianna & Ms. Bri

News

The month of June was filled with fun as we kicked off the Summer! We started with reviewing our favorite topics from the school year and then transitioned into our "Summer Adventures" as we became a detective!

We wore our badges and created decoders to help us with our job. Room 6 made dog treats for their pets to reflect off of Zoology. Our friends made their own garden of vegetables and tasted each of them. They learned that some veggies grow above and grow under the dirt. We are very excited to see what the rest of summer brings!

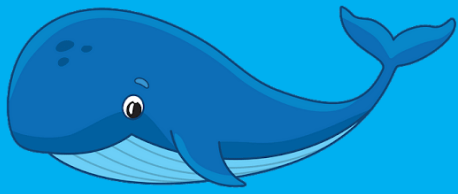

Room 7
Mrs. Sarahi & Ms. Michelle

News

During the month of June we learned about zoology and botany. We enjoyed so much making treats for our furry friends, that was such an awesome cooking project! Our friends had tons of fun playing as a detective, and going undercover was by far the silliest yet most of fun of all for them. During botany week, we planted vegetables, and the class had a tasting party and enjoyed all the different vegetables. Room 7 did so much this June, but had a blast doing it, and are excited for the rest of the summer!

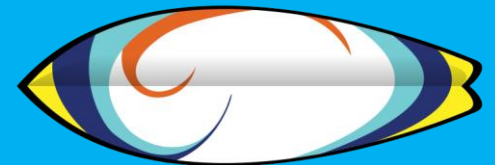

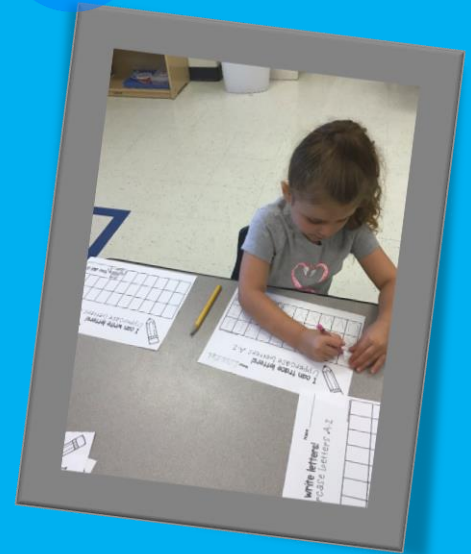

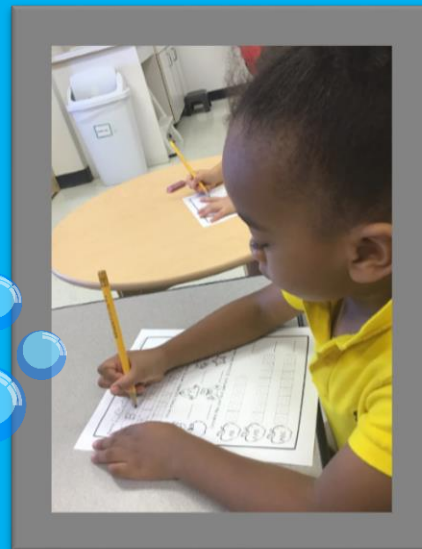

Room 8
Mrs. Jeanette & Mrs. Rachel

News

In the month of June, we kicked off our ex-STREAM Summer Adventure! We had so much fun pretending to be detectives with our own badge and detective note pad. We also had fun pretending to be Zoologists by building a Zoo, played in an animal hospital, and playing animal bingo! On our Fridays, we enjoyed our Splash day to the fullest, and are very anxious for more summer activities in the July!

Summer Camp
Ms. Maria, Ms. Natalya,
& Ms. Jasmine

News

In June, our summer campers have been doing an amazing job making new friends, but mainly exploring and discovering about different countries. The class had so much fun learning about Mexico, Nigeria, and China, especially with eating the cultural foods and outdoor activities. We can't wait to discover more things about other countries, their cultural and heritage backgrounds.
