

The Little Beacon Newsletter

JULY

Hello Lighthouse Families,

Last month our ex-STREAM Summer Camp Adventure launched the beginning of a fun and educational Summer journey and the photos speak for themselves! Our children created tornados, pushed their inner superhero to tackle obstacle courses, learned about their anatomy and used their imagination to create artistic masterpieces! There are lots more adventures to explore and we are excited to experience what the month of July has in store for our Summer Campers.

Outdoor Art

Exploring the brain

Superhero disguise

Tornado in a bottle

With the number of Covid cases increasing in the Houston and surrounding areas we understand how important it is for you to know that your child is in a clean and healthy environment. The health and safety of our children, parents and staff is our top priority which is why we continue to conduct health screenings along with daily temperature checks, limit entry to our building, emphasis on handwashing and everyone entering our building must wear a mask. We are grateful for the extra sanitization that our Zono machine provides and it is used daily by all classrooms. We care enough to go beyond clean.

The Zono sanitizing machine kills 99.9% of germs and bacteria on surfaces that liquid bleach and sanitizers cannot reach.

COVID you are not welcome here!

Curriculum Corner

Infants

This month's theme is **Inside / Outside**.

We will focus on the shape **Octagon** and the colors **Red, White** and **Blue**.

We will learn the song and rhyme **"Hokey Pokey"** and **"This is my Turtle"**.

Bhavnith P. - 25th

Ruby O. - 25th

Christopher B. - 29th

HAPPY BIRTHDAY

Curriculum fees are due by July 31st. Speak with a member of management if you have any questions.

Splash Day Reminders!

Every Friday is Splash Day!! Please see the checklist below to ensure that your child has the necessary items to participate!

- ✓ Child dressed in their swimsuit before coming to school.
- ✓ Sunscreen applied before coming to school with an extra bottle or tube to be kept in class for reapplication if necessary.
- ✓ Water shoes - Closed toe and heel
- ✓ If your child is not potty trained, they **MUST** have a swim diaper. Have your child in a regular diaper and the teachers will change them into their swim diapers before going out.
- ✓ A towel.
- ✓ Extra change of clothes
- ✓ A bag to hold their wet clothes after water play

Apply sunscreen, even on cloudy days. Reapply every two hours or after being in the water or sweating.

Dress young children in light-colored clothing. Cover their heads to reduce heat exposure.

Take precautions to avoid heat and sun overexposure between 10 a.m. and 4 p.m.

Never leave your child alone in a car for any amount of time.

Offer water every 20 minutes during outdoor playtime even if your child says they are not thirsty. Avoid sugary drinks.

Have children take frequent breaks in the shade.

Put bug repellent on your child's face by spraying it first in your hand and then rubbing it on their face, avoiding their eyes and mouth.

Closely watch your child in or near any water. Children can drown in as little as 2 inches of water.

Make sure your child is wearing appropriate protective gear when riding a bike.

Check all play equipment for sharp edges or pinching risks. Make sure metal slides are cool before allowing your child to slide.

Welcome our Assistant Director

Ms. Daisy Godbey!

Ms. Daisy is the newest addition to our Imperial Lighthouse family! She has over 30 years of childcare experience including owning her own childcare center. We are excited to have her on our team and look forward to all the wonderful things she will bring to our school!
