<p>Dear Families, In addition to our lesson plans we added a few extra fun events for our preschool classes for the summer. These are special activities for our students ages 2 years to 5 years (Classes Room 6- Room 11) This is a fun way to keep it cool during the summer implementing our Ex-S.T.R.E.A.M summer learning series. Even our Athletic vendors have added science and math to their gross motor lessons.</p>						
3	<p>Each week to participate in the athletic events on Friday it is a \$5 charge (per class). This fee goes straight to the vendor. Please pay in cash to office administrators and sign up for the class in the lobby. This fun opportunity allows your child to take part in extracurricular classes this summer without a registration fee.</p> <p style="text-align: center;">See Administration for details.</p>
