

June 2025

The Rodriguez-Espinosa Family

☀️ Hello Summer! ☀️

Welcome to our Sunshine Edition! This summer, we're focusing on the first half of the season, filled with fun Splash Day tips to keep you cool, exciting field trip dates, and plenty of sunny events like ice cream socials and outdoor games. Get ready for lots of laughs, adventure, and memories—let's make this summer unforgettable!

Congratulations

Congratulations to the Rodriguez-Espinosa Family: Our June Family of the Month!

We're excited to celebrate the Rodriguez-Espinosa family for their incredible positivity and warmth. Adele, your inspiring attitude lifts everyone around you, and Aaron, your friendly nature makes everyone feel welcome. Thank you both for being such a wonderful example of kindness and community spirit!

## Field Trip Tips

- All kiddos need to wear their Summer Lighthouse Shirt!
- Drop your kiddo off early so they have time for breakfast!
- Make sure your kiddos are wearing closed toed shoes!
- Pack Smart for Your Child
  - Labeled water bottles, nut-free lunches for trips that require a lunch, hats for outside field trips, and sunscreen if needed!
- Look out for any information posted in Procure or on classroom doors!

## Splash Day Tips

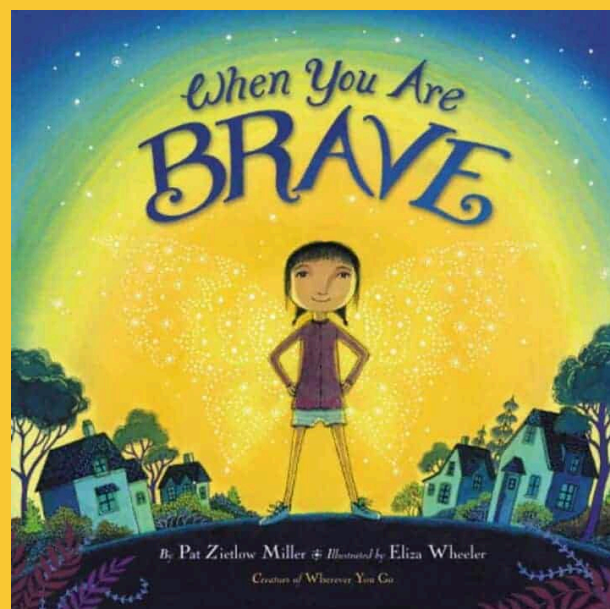

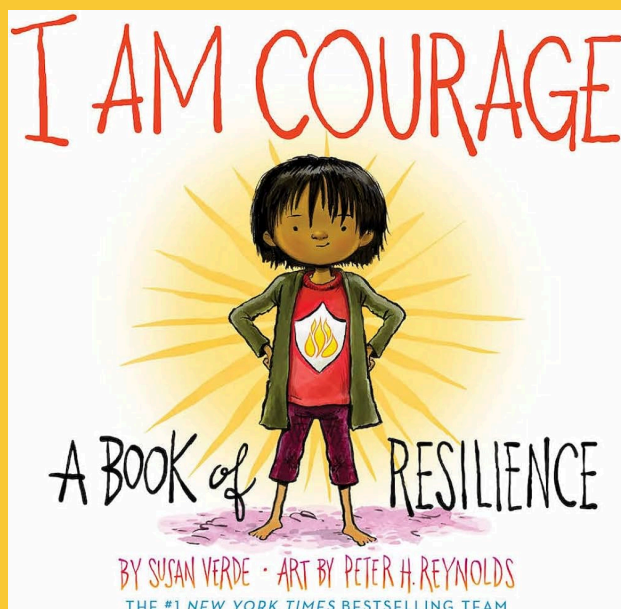

- Provide 6 swim diapers at the beginning of the summer. This will help prevent you from forgetting one the morning of splash day.
- Pack your child's items (towel, sunscreen, change of clothes) in a plastic bag (thing Walmart or Target)
- Label EVERYTHING
- Bring your kiddo to school dressed in their swimsuit with sunscreen already on. Makes getting ready to go out and play much faster!
- We recommend 2 pieces for those in diapers!

| Dome Design Challenge   |   | Strained Glass Window   | Boxed Up Blueprint   | Pretzel Cabins  | Building Brazil  |
| Dome structures have been around for thousands of years and can be found in various ancient civilizations, including the Romans, Greeks, and Egyptians. The Pantheon in Rome, built in 126 AD, is one of the most famous examples of ancient dome architecture. |   |   |  |   |  |
| What do you think are some advantages and disadvantages of living in a dome-shaped house?   |   | Can you think of any pictures or designs that you have seen in stained glass windows? | How do you think architects decide on the best place for doors and windows in a building?    | How do you think architects feel when they see their blueprints turn into real buildings? | What challenges might people face when building a log cabin?                                     |
| ...live in a dome-shaped house that looks like a soccer ball or a basketball?   |   | ...have a stained glass window that looks like a pizza or an ice cream cone?          | ...have a door that can take you anywhere or a window that shows you any place in the world? | ...have a room shaped like a triangle or a room shaped like a circle?                     | ...live in a cabin with a roof made of giant marshmallows or one with walls made of gummy bears? |
| ...build a dome structure from candy or potato chips?   |   | ...have a house with a secret tunnel or with an indoor slide?                         | ...build a home with glowing in the dark walls or curved walls?                              | ...have a cabin that's guarded by a team of lumberjacks or ninja squirrels?               | ...have a house that can change colors every day or a house that can float above the ground?     |
