# **Family of the Month**

**Spears Family** 

We're so excited to kick off the month of June py welcoming our amazing schoolers back for a summer full of fun! 🔊 😎 We're also celebrating our incredible dads with Donuts with Dad \_\_\_\_ a sweet and special way to say thank you!

Get ready for fun field trips 🚐, splash days 🥎 ♦, and games galore ♦७७. It's going to be a summer to remember—let the fun begin! \*

We're so excited to celebrate the Spears Family! Their sweet baby girl Avery is part of our Room 7 class, and her smile truly makes each day brighter. The Spears family brings so much joy to our center, and we're so thankful to have them as part of our community.

Thank you, Spears Family – and enjoy your 10% off this month!

## **Notable Upcoming Events**

Donuts with Dad June 6 ,2025 Family Movie Night

Special Guest MS. Maria June 12,2025

		Big	Idea		
Dome structures have been around for thousands of years and can be found in various ancient civilizations, including the Romans, Greeks, and Egyptians. The Pantheon in Rome, built in 126 AD, is one of the most famous examples of ancient dome architecture.	Stained glass windows have been used for centuries, dating back to ancient Roman and medieval times. Traditionally, stained glass is made from pieces of colored glass that are cut and assembled together to create a design.	Before a building is made, architects draw special plans called blueprints. The plans show how tall a building will be, how many rooms it will have, and where the doors and windows will go.	Architects think about shapes and structures when they design buildings. Some buildings are tall and straight like towers, while others are round or shaped like triangles.	Log cabins are constructed using different stacking techniques. Then, mortar or clay is used to fill gaps, sealing against drafts, insects, and moisture while adding support to the structure.	Unique neighborhoods found in Brazil, especially in cities like Rio de Janeiro and São Paulo, are known for their vibrant culture and distinctive architecture. Favelas are neighborhoods in Brazil where many people live close together in houses that are often
		Inquiry (	Question		
What do you think are some advantages and disadvantages of living in a dome-shaped house?	Can you think of any pictures or designs that you have seen in stained glass windows?	How do you think architects decide on the best place for doors and windows in a building?	How do you think architects feel when they see their blueprints turn into real buildings?	What challenges might people face when building a log cabin?	How would you feel living in a colorful stacked home on a hillside?
		have a door that can take		live in a cabin with a roof	climb a ladder to get to
live in a dome-shaped home that looks like a	have a stained glass window that looks like a	you anywhere or a window	_have a room shaped like a triangle or a room shaped	made of giant marshmallows or one with	your home or enter
soccer ball or a basketball?	pizza or an ice cream cone?	that shows you any place in the world?	like a circle?	walls made of gummy bears?	through a door on your roof?
build a dome structure from candy or potato chips?	have stained glass windows in your school or	have a house with a secret tunnel or with an	_build a home with glow-in- the-dark walls or curved	have a cabin that's guarded by a team of lumberjacks or ninja	have a house that can change colors every day or a house that can float
