

The background of the entire image is a vibrant blue, populated with several slices of watermelon. The watermelon slices are depicted in a stylized, 3D-like manner with bright red flesh, dark black seeds, and a green rind. They are scattered across the frame, some overlapping each other. A large, semi-transparent light blue circle is centered on the page, serving as a backdrop for the main title text.

(Ages 5 and up)

SPLASH DAY FRIDAYS

JUNE 14TH - AUG. 16TH, 2019

- Rooms 4-8 participate during their A.M outside times and can come dressed in swim wear and water shoes. (please send swim diapers for teachers to change them into prior to event.) We highly encourage applying sunscreen in the a.m. as we re-apply in the afternoon.
- Rooms 1-3 will participate in the P.M and can bring their swim wear to be changed into later.

Mrs. Teresa, & Mrs. Lauren

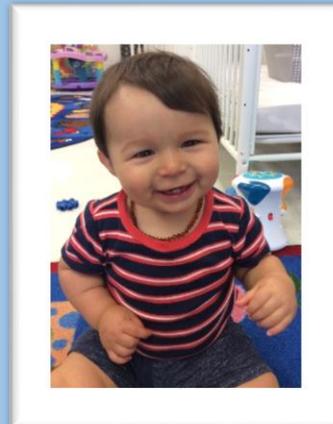

News
The month of May was full of excitement. We had so much fun making Mother's Day gifts. We all made a finger paint collage together. The class also enjoyed looking at their parent books. We also enjoyed strolling around outside for our tenth anniversary birthday party for the center. Room 1 had a terrific month and is ready for the summer!

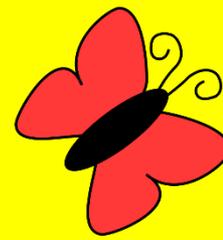

Room 2
Ms. Darlene, Ms. Briana,
& Ms. Mandy

News

Room 2 had several sensory projects that included flour pat, finger paint collage, and foot painting. We also created a parent picture book that we are very proud of. During our outside time, we played with our baby dolls by strolling them around in strollers and bathing them. This month was a great one, and we are excited to enter summer with a splash!

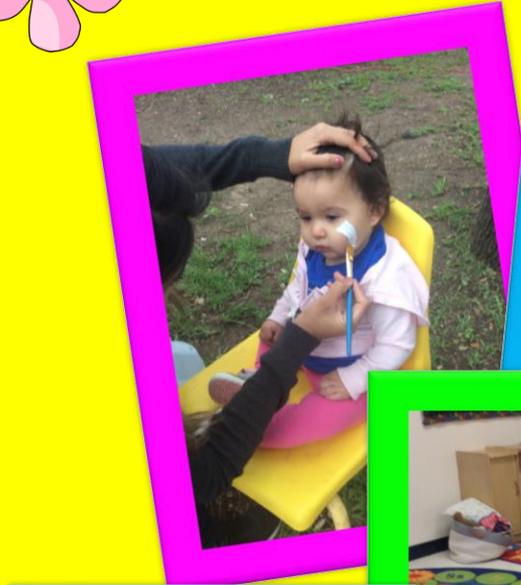

Room 3
Ms. Kristi, Ms. Katie, &
Ms. Bri

News

This month we learned the moves to "From Head to Toe" book by Eric Carle. We also created foot painting which our little friends enjoyed so much touching the paint on their bare feet! Room 3 completed several drawings using dot markers, and roller paints. We also used cars to draw, and made tie dye pictures with the coffee filters. Our class ended the month celebrating Mother's Day with gifts for our moms. We are ready for summer!

June Toddler Lesson Plan

Baby Sign: Mommy/ Daddy

Spanish: Family- La Familia

Color: Yellow

Shape: Square

Rhyme: "This is the Family"

Music/Movement: "I'm Bringing Home a Baby
Bumblebee"

Room 4
Ms. Ana & Ms. Adriana

News
We had such a fun month of learning! From the top of our heads to the bottom of our feet, we learned all about "Me and My Body!" We made butterflies with our feet, laid on butcher paper so we could trace our bodies, and made sensory bottles and bags. Room 3 learned about all things pink, and celebrated Mother's Day, Teacher's and Parent's Appreciation with creative gifts! Not mention, it was our 10 years anniversary for the center, and boy did all the children have a blast! We we're so busy this month, but we are ready to dive into the summer!

News

Room 5 had a blast in the month of May! Even though summer is around the corner, we still have lots of learning to do! We learned about different parts of a flower and it's life cycle. We practiced understanding the life cycle by matching the parts with different flowers. Room 5 also focused on ocean animals by making an aquarium, pretending that they were in a submarine exploring the ocean life, and created art like marble sea horses and sting rays! To end the month we completed reviews on our numbers, letters, and colors. Room 5 had a marvelous year, and is ready to kick off summer!

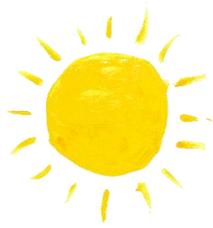

Room 6
Mrs. Theresa, Ms. Amanda
& Mrs. Erica

News

In the month of May we had so much fun watching the carnations change colors! We also had a blast learning about things that sink or float, and learned about a vast amount of animals that live in the ocean. Of course, our favorite ocean animal is the Great White shark! Lastly we had the most fun celebrating Children's Lighthouse 10 year anniversary, we got to jump on the moon bounce obstacle course, enjoy snow cones, and face painting!

We can not wait to see what loads of summer fun June has for us!

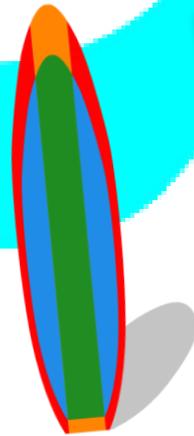

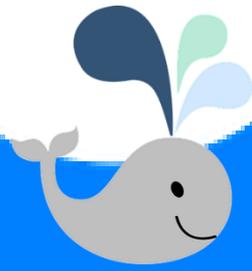

Room 7
Mrs. Sarahi & Ms. Hannah

News

During the month of May we learned about plants and flowers, and discussed where they come from, what they ate to make them grow. We now know that some plants we eat, and others help us heal when we are sick. The class was thrilled to learn interesting facts about the ocean and the incredible plants and animals that live within. Also in May we celebrated the birthdays of 3 of our sweet friends! Although the school year has come to an end we are extremely excited to splash into summer!

Room 8
Ms. Michelle & Ms. Alyssa

News
We have had a fascinating month learning about plants, flowers, and ocean animals. Room 8 identified the different parts to a plant and flower, as well as knowing the different kinds of plants that grow underneath the ground and above. We also discussed the layers of the ocean and which ocean animals live in those zones. Our class reviewed so much this past month that we are so ready for summer in June!

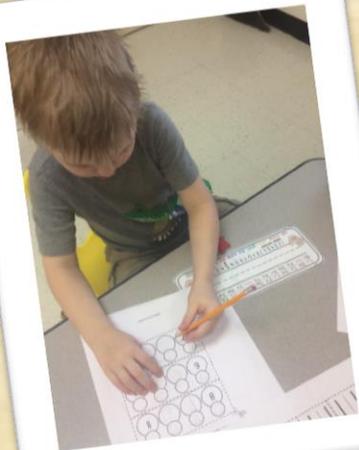

Room 9
Mrs. Adriana, Ms. Brianna, &
Mr. Jacob

News

The month of May was full of excitement! In this month we learned the parts of the flower and plant. We planted seeds and we were so excited watching them grow from our classroom window. We also learned about ocean animals and read books about all types of sea animals. The children have grown and learned so much, as their teacher, I am very proud of them! We want to thank all the parents for the tokens of appreciation we received for teacher's appreciation week, we appreciate all our parents as well! Room 9 learned so much this year, and we are ready for our summer to begin!

News

We made it to summer! This past month the class enjoyed doing a lot of exploring about sea animals! As a class we found that sharks are our favorite interesting sea animal. The class also had a great time examining the inside of a fish! Now as far as our reading, the class is an amazing job, I am very proud of them! We've reached our final milestone, which is graduation! My kiddos have come such a long way, I've couldn't have asked for a better class! Congratulations class of 2019!

School Age
Mr. De' Sean & Ms. Gizella

News

Summer has arrived! May ended very well for room 10. We began with learning about cities and created our very own city! Room 10 then transitioned into the realm of rainforests, and learned about animals and their habitats. Upon finishing, the class traveled back in time to learn about colonial life, and what times were like for the original settlers. Food was our last and final theme for the year which left the schoolers with a huge appetite! I've had a great time teaching and helping all my students in room 10, and hope everyone has a fun-filled summer!
