Infant News

This May our babies celebrated their first Mother's Day. We are so thankful for our wonderful moms and we enjoyed painting Mother's Day gifts for them. Our theme, "Me" helped us learn about our body parts as we sang "Head, Shoulders, Knees and Toes." We also enjoyed painting with the color pink. Welcome Vivienne, Emma and Eloise!

Room Two

Infant News

This May we learned about the shape triangle and practiced the baby sign for bib. Our class enjoyed activities like flour pat, foot painting and finger painting collage. We enjoyed strolling around during our outside time and taking our baby dolls a bath too. Our little ones also made a book about their body parts to review the theme, Me. We are looking forward to June and summer time!

Infant News

This past month was all about our kiddos, literally as we learned with the theme, "Me." Our favorite activity was making books with pictures of ourselves and our families! We loved incorporating these books during our circle time, identifying familiar faces and praising each other's best traits! May was a blast and we can't wait to see what June has in store for us.

Toddler News

This May we celebrated our moms with art work and made a special coaster just for mom. We learned to recognize ourselves in a mirror. We also pointed and named our body parts like eyes, ears, nose, mouth and more as for our theme "Me and My Body." Our kiddos can play chase, roll a ball, jump in place and put things on and take things off. We can't believe how fast we are growing and learning!

Room Five

Ms. Megan, Ms. Ana & Ms. Kiara

Twos News

Room 5 had a fantastic time this May. We enjoyed our theme of plants and flowers by creating flower patterns and even making our own flowers. Our class discussed how roots carry water to the stem and leaves helping plants grow. Our favorite experiment was using food coloring to change the color of a flower's petals and growing our own sunflower. For science our class learned about ocean animals and even reviewed water transportation like boats and submarines. Our class loved painting seahorses, stingrays, fish and making our very own little aquarium. Room 5 had a great month and we are ready for summer!

Summer Learning

Week 1 Theme:

Code Busters
Academic Review

Number 1; Same/Different
Book

"Detective Blue"

Week 2 Theme:

Zology
Academic Review

Letters A & B; Number 2, Fur,
Scales, Feathers

Botany
Academic Review

Letters C & D; Number 3;
Under/Over

Book

"The 3 Little Pigs"

Monthly Character Value:

Courage

Room Six

Ms. Maria, Ms. Brie & Ms. Cathleen

Threes News

We can't believe the month is over and summer is just around the corner! This month, we learned about ocean creatures and the cycle of plants and flowers.

Our favorite hands on activity was planting seeds and watching them grow. We have been practicing for our end of the year recital and hope you enjoy it. Its been an amazing school year and we are so proud of our Room 6 students!

Threes News

This May we had a blast learning about seeds, plants and flowers. We enjoyed planting our own sunflower and watching the seed germinate. We also loved experimenting with food coloring and flowers and celery stalks too. Our class made our own seed book and enjoyed learning new facts about them. For science our kiddos discussed ocean animals and loved learning about sharks and fish!

Fours News

Oceans, plants and flowers, oh my! We learned about the parts of a plant and how bees take pollen to make honey. We enjoyed planting sunflower seeds and are currently watching them grow! We explored a watermelon, discussing its height, weight, and appearance. Our favorite part was enjoying the watermelon as a treat. Our class loved our A-Z Ocean book and we enjoyed learning more about ocean animals.

Fours News

This may was all about plants and ocean leaning. During our first week we learned about plants and flowers. We discussed the parts of a flower along with a plant's basic needs to survive. We loved watching our plants grow! Jumping into ocean life, we learned some ocean animal names by clapping out their syllables and focused on the octopus and its special features. Ocean zones were a fun thing to learn about and to further understand them, we made sensory bottles. The midnight zone consisted of corn syrup and blue food coloring, the twilight zone with water and food coloring and finally the sun light zone consisting of oil. Room 9 had a spectacular school year and we cannot wait for all the fun activities planned for this summer.

Ms. Maria & Ms. Annika

APK News

In the month of May, the class discovered so many interesting sea animals, plant life cycles, math fractions, telling time, reviewed sight words and finished our hooked on phonics reading books! We also enjoyed practicing for our graduation and hope you all enjoyed our ceremony. Ms. Maria and Ms. Annika are beyond proud of our APK class and know you will all do amazing this next school year! Congrats graduates!!

Room Ten Schoolers

Schooler News

May was a fun-filled in Room 10 as we learned about the colonial life and spend time discussing the thirteen colonies. Our kiddos enjoyed learning about Jamestown. We are looking forward to summer and cannot wait for all of the great field trips we have planned!
