

MARCH NEWSLETTER

MARCH *Chapter 3 of 12*

Spring is ``almost`` in the air!

FAMILY OF THE MONTH

The Felton's love spending time together as a family, and find their weekends filled with fun at their ranch, playing team sports, spending time with their 2 dogs- Boots and Flip, and traveling.

Arjun (8) is currently loving jiu jitsu and baseball, Leena (7) is learning hip hop dance and enjoying being the last girl standing on her baseball team, Inder (5) is determined to become a master swimmer this summer and is also enjoying baseball, and last but not least Mohan (3) is his sibling's loudest cheerleader at all their events!

We love having y'all apart of our Lighthouse family!
Congratulations on family of the month!

TEACHER OF THE MONTH

Ms. Myar has been apart of Lighthouse a little over a year now. She's such a great help. She started in room 4 and made her way to room 5. Lately, she's been floating in between classes helping and absolutely doing incredible in every room she steps in.

She is from Egypt and speaks fluent Arabic. Her and her husband Hany got married in 2021. They are currently expecting their first child together. They're having a beautiful baby girl, named Dalia. Dalia means flower in Arabic. She's always wanted to be a mom, so they are super excited! Along with her daughter, she also has a puppy dog named Whiskey.

She is also currently in college to obtain a degree in Education. She dreams to be a 3rd grade teacher!

She'll be going on maternity leave soon. We will miss her and her smile so much!

Congratulations on teacher of the month!

CLASS OF THE MONTH

Room 3 has done it again!
They found the gold at the end of the rainbow!

We love Ms. Sydney, Ms. Maddie, & Ms. Gracie so much! They absolutely do an amazing job. The kiddos are for sure their lucky charms! Ms. Gracie comes in each day with such vibrant energy that the kids love and need. Ms. Maddie has such a big heart; those kids definitely feel the love she exuberates. Ms. Sydney is the perfect combination of all those qualities along with being able to help them grow daily in the best way possible. Those little leprechauns are always happy go lucky!
