Mrs. Janett & Ms. Crystal

## News

We learned so many new things this month. With our color of the month, red, we used to make Valentine art with our feet. Room 1 painted with corn husk, and played with the texture. We had fun playing in our box house and dressing up. It was a short month, and can't wait to see what March will bring to us!

### News

For the month of February our theme is, windows, walls, doors, and hallways, and had a ton fun playing in our cardboard house! We enjoyed painting with carrot tops, and the corn pat art. We also completed cornhusk painting and plunger art, but one activity the our little friends enjoyed a lot was the tape grasping. Room 2 did so much this month, but we are excited to swing into March!

## Room 3

Ms. Yvette & Ms. Kristi

### News

In February, we built a house out of cardboard and explored the windows, doors, and hallways. Room 3 enjoyed painting with cornhusk, carrot tops, and completing yarn art.

For Valentines we made sensory bags and Valentine cards. To end the month we pretended we traveled to outer space, and used our moon and stars sensory bags to play with moon rocks! We are enjoyed the month, and excited to enter March!

### News

Love is in the air and so is learning! For our themes, we made some cool art such as red clouds, and heart shape stamps out of toilet paper rolls. We also discussed about red and heart shaped objects, and the sky. After learning so much this month, we can't wait to see what we will be learning next month!

### News

Room five learned so much within this short month and had a blast doing it! We learned about rockets in space, how birds live, and our different shadows. We created groundhog art, enjoyed playing our bird sensory tub! Our Valentine party was a huge success thanks to our awesome parents! Our little friends are ready to learn new things in the month of March!

# Room 6

## Mrs. Theresa & Ms. Amanda

### News

Our little friends had a blast traveling to space! We made astronaut food, and created art work with chalk to demonstrate the solar system. We learned about traffic lights for our transportation theme, and read books about birds. Room 6 is so ready for the month of March!

### News

During the month of February we learned about birds and their habitats. We had a blast tracing our shadows and enjoyed an Oreo snack that represented shadow no shadow theory. We discussed about our solar system and made awesome constellation! Room 7 had so much fun during their Valentines exchange party, and we'd like to say thank you to all our parents and everyone that participated, without your cooperation, it wouldn't have been such a huge success! Room 7 has learned so much and eager to learn more in the month of March!

### News

February has been an exciting month, especially because the tooth Fairy made a visit at our center! We had so much fun measuring with a heart ruler, and working with measuring cups in our sensory birdseed tub. We now know that the mommy bird chews the food to make it smaller then feeds it to her baby. Room 8 also completed sorting with colors and vehicles to understand different types of transportation. We learned so much this month. but we are eager to learn so much more in the month of March!

# Room 9

Mrs. Adriana & Ms. Brianna

## News

The month of February was so much fun! The children enjoyed making friendship necklaces and groundhog arts and crafts. Room 9 learned that George Washington, and Abraham Lincoln faces are on a quarter and a penny. We also enjoyed a Valentine's Day Party where we passed out our cards, and enjoyed yummy food! We are very excited to see what March has in store for us!

## News

In the month of February, we discussed about our solar system and named off all the planets. We learned all the different types of transportation and how they are used for everyday use. Our class had the opportunity to take a field trip out to the San Antonio Stock Show & Rodeo, and learned so much about the growth of nutrition, and enjoyed several education interaction activities! APK also had a blast passing out Valentine cards and enjoyed their class party. This class is ready to march into the month of March!

Mr. De'Sean & Mrs. Damaris

### News

The month of February happened to be dominated by two subjects for the schoolers in room 10! It began with us taking a look into the world of Latin America. From Ancient civilizations to current traditions. Since February is also “Black History” month, room 10 got to learn about African American history and figures. We discussed the inventions and crafts that were created by specific individuals who made history. Room 10 after schoolers are feeling lucky and eager to step into March and travel to Canada and learn their citizenship!
