March Newsletter

Dear Lighthouse Family,
February was a very busy month but a super fun one. We loved hosting Parents Night Out, we hope it was a fun evening.

Ms. Keana would like to update us on baby Malakai. She would like to thank everyone for their donation as well as their prayers! He has had two of his six surgeries and is doing well with his recovery. He is able to drink from the bottle one time a day and uses his feeding tube for the rest of the day. He loves cuddles, listening to his mommy sing and looking at pictures while being read to.

The sign Language Focus for this month is: **Farm**

Cares Curriculum Rooms 5-9

Character Value: **Humor**
Curriculum Theme: **Humor, Nutrition, Farm Animals, Reptiles,** and **Health.**
Letter of the Month**: Kk, Vv, Qq**
Book/ Author of the Month: **Dr. Seuss/Dr. Seuss's ABC**
Sign Language: **Cow**

Xtreme Quest Curriculum Room 10

During the month of March, students will be **Earthquake** Solo Challenged. This challenge will teach us a little bit about what an earthquake is, why it makes buildings move and sometimes even fall down.

As a team challenge **Animal Creator** for this challenge we are going to let you and your friends create your very own animal. You can choose what it will look like, where it lives, what it eats, and even give it a name. Can't wait to see what the students will come up with .
