STAR WARS DAY™
MAY THE 4TH
BE WITH YOU

Monday, May 4th, come
dressed up in your favorite
Star Wars gear!

Tuesday, May 5, 2020

Let's celebrate in our finest fiesta attire!

Rooms 1& 2
Mrs. Darlene, Mrs.
Teresa, & Ms. Briana

News

This month we painted our ovals with the color purple. For our sensory project, our little friends painted with a feather duster and completed a footprint duck art. We played with glitter bottles, and sock puppets. With the weather feeling so nice, we've been enjoying circle time outside! We are so ready for the month of May!

Room 3
Mrs. Vanessa, Ms. Jazmin,
& Ms. Alana

News
In the month of April we had so much fun learning about bubbles, mud, and puddles! We enjoyed singing to "Five Little Ducks" and "Kub-A-Dub-Dub". Room 3 completed sensory projects such as feather duster painting and playing with cool and warm toothpaste! We are ready to bloom in May!

Rooms 4 & 5
Mrs. Theresa, Ms. Kayla,
Ms. Adriana, & Ms. Jayde

News

April was a great month of learning. We did fun projects about the outdoors, frogs, and insects. We also learned about the process of life cycles for plants and bugs. Our class went on nature walks, saw interesting creatures, ants, fuzzy caterpillars, and grasshoppers. We learned the letters "Y" and "Z", as well as words that begin with those letters. We also made tie die butterflies, and worked on our motor skills by tearing up strips of paper. Rooms 4 and 5 are ready to conquer the month of May!

Preschool Rooms 6 & 7
Ms. Brianna, Ms. Michelle,
& Ms. Bri

News

April was very interesting for rooms 6 & 7. We learned about lifecycles of frogs, butterflies, and even lightning bugs! We made our own ladybugs and planted our own plants. Even though we have been going through uncertain times, our class saw the brighter side of things once they saw their plants sprouting. We are very fortunate that we can still care for your children! Our preschoolers are ready to end the year with a bang in the month of May!

Room 10
Ms. Maria &
Ms. Natalya

News

In the month of April the kids have been doing an amazing job adjusting to these uncertain times. We learned about insects, life cycles of plants, and body parts of insects. We reviewed handwashing procedure and the importance of it. The kids are doing an awesome job practicing social distancing and their safety germ free skills. All the of the kiddos are ready to finish up the school year and jump into summer!
