

November Class Spotlight: Pre-K

Dear Parents,

Did you know that the Native Americans brought corn to the first Thanksgiving feast? We have some great "corny" experiments for this month, not to mention our taste test of red, white, yellow, and blue corn chips. We're also going to be dissecting a pumpkin to see what's inside and practicing our measurement skills with a little baking.

Of course, along with our study of forest animals, leaves and trees, math sentences, symbol-writing, and word families, our overriding theme for this month is "gratitude." We are grateful that you have chosen to share your child with us!
