November

IN THE NEWS

We had an amazing October filled with special celebrations and fun learning experiences. We began assessments in October for all children. This month, we will be scheduling Parent-Teacher conferences to discuss curricular goals for the rest of the school year. You will soon see a sign-up sheet posted on your child's classroom door. Please sign-up for an allotted time to sit down with your child's teacher. If you cannot make it during the times posted, we can schedule an appropriate time for you to join us.

Assessments are important in understanding how your child is developing. We look at various aspects of your child's development including social/emotional growth, cognitive understanding, language development and physical movement. Our curriculum is designed to help each child reach their developmental milestones.

THANKSGIVING FEAST

We invite our Lighthouse families to join us at the annual Thanksgiving Feast on Friday, November 15th.

We want to give thanks to our families for allowing us to care for, and be part of their children's lives. We enjoy spending time, educating and loving every child in our care.

Children's Lighthouse will provide a Thanksgiving meal between 11:00am and 12:00pm for all of our families to share.

If you would like to help by providing your specially made side dish for everyone to enjoy, please let us know.
