This month we will implement our character value: Helpfulness. We will learn about helpfulness (assisting our friends and do what is asked of us) in our curriculum through group discussion. Our theme for the month of October is "Community and Careers." We will be learning about our communities and the people who live and work in the community. Our Science and Nature focus will be on nocturnal animals and our letter focus will be Ss, Rr, Oo, and Bb. We will be doing many art projects such as spider web painting, experimenting with cotton balls, and flapping owls. Show & Tell activities are fun and enrich our classes vocabulary and language development. Thank you for your support.

Room 9

Ms. Kabeh & Ms. Sumaya

Room 9 is focusing on nocturnal animals and their patterns of every day life. Our theme will be Community and Careers. We will be implementing our theme through role play and group discussion. We also will be implementing our theme through math and manipulatives, science, art, technology and literacy. The implementation of prop boxes will also help with understanding our theme. Consistency is key, so working with your child at home will be beneficial to their learning and preparing them for Kindergarten.
