

OCTOBER NEWSLETTER

A Letter from the Director.

We at Childrens Lighthouse Learning Center are excited and happy to be with your children and it is our desire to provide the very best for them and their future. We strive to provide an environment rich in possibilities to explore, think, deduce and discover, not only for future success in school, but for success in life. We also strive to provide an environment which encourages respect and courtesy for ourselves and for others. You, however, are the primary source of your child's education. Home is the place where children first learn to limit their wishes, abide by rules, take responsibility for their actions and inactions, and consider the rights and needs of others. There is no doubt that parenting is by far the most exhausting and frustrating, yet the most rewarding job in the universe! We as a society and, particularly, we, the staff here at Childrens Lighthouse Learning Center, owe a debt of gratitude to you parents for taking on and for **DOING SO WELL** the job of raising your little ones into future magnificent adults.

Love,
Millie Lee

This month the children are learning about the Community and Careers. We would like to see if any of our parents or family members would like to volunteer to come to the school and speak to the children about their career. If you would like to volunteer, please see the front desk.

Thank You
