HEALTH AND SAFETY: To minimize the spread of illness and maintain the health of all children at the center, your child may be sent home if your child is not well enough to participate in the daily activities. We have a strict 24 hour fever free / symptom free without medicine policy for children to return to our care. If your child has a specific medical need, please speak to the Director to make sure we can develop a plan to meet your child’s specific needs. **Blood-Glucose Monitoring:** We will provide blood-glucose testing for children in our care who are diagnosed with diabetes. We will need parent to provide parent authorization, a Federal Food and Drug Administration approved test device, a form to communicate test results, written permission for each staff member authorized (see office for form), written instructions from child’s physician which include proper use of monitoring device, how to determine if the test results are within normal, symptoms of hypoglycemia or hyperglycemia and action to take when results are not within normal and the phone numbers to reach the physician and parent or authorized representative.

DAILY ROUTINES, HOLIDAYS AND CELEBRATIONS: Our center offers childcare to all interested families; our enrollment policies are based on non-discriminatory policies and laws. Our center is owned by a Christian family and offers a program that reflects those values. The children in our care are taught to pray and be thankful. We celebrate many holidays including Easter and Christmas with Christian and secular traditions. We use Bible stories to enhance our academic curriculum and our character values curriculum. If you have any questions about the Christian values in our center, please talk to the Center Director.

VIDEO MONITORING: In addition to the policies set forth in the Parent Handbook, it is our policy to give parents access to the primary classroom their child(ren) is enrolled in. We do not give access to opening or closing classrooms or during times a child is visiting another classroom.

EMERGENCY PREPAREDNESS: Our center has an emergency plan to keep all children safe in numerous situations and a safe evacuation if needed. In the event of an emergency temporary relocation the site below is our authorized evacuation site should there be a need to move the children off property.
