

Parent Handbook

For

Children's Lighthouse of APEX

Effective August 16, 2021

Foreward

This Parent Handbook (“Handbook”) has been created by Reykha Care and Education LLC (“we,” “us,” or “our”) and is being provided to the parents or guardians of the children in our care.

Thank you in advance for reviewing this Handbook carefully.

Introduction

Our Brand Promise

We create a safe, fun, and happy place that gives your child confidence, a sense of comfort today, and a lifelong love of learning, friendship, and community.

Policy Statement

The policies and procedures in this Handbook are effective as of the date on the cover of this Handbook. Should any of these policies and/or procedures be updated, revised, or otherwise changed, parents will be notified.

Each Children's Lighthouse school is independently owned and operated.

Operational Information

Daily Operation and Services Offered

Childrens Lighthouse Schools are designed to serve children ages 6 weeks – School-Age, in accordance with state licensing regulations. We are open year-round, Monday through Friday, with a few exceptions, such as Thanksgiving, Christmas, other holidays, and staff development events. You will receive notice of any closures due to holidays or staff development days. Tuition fees remain the same, regardless of School/room closures for any reason. A specific list of this School’s operating hours and scheduled holidays/closing dates is available from the School Director.

Extra-curricular activities may be offered at each Children’s Lighthouse School. Please ask our School Director for a list of specific activities and prices (if applicable).

Severe Weather Procedures

If severe weather necessitates closing, early dismissal, or late arrival, we will communicate with you through our website/Facebook page/Parent Engagement App/email and/or the local news station (if available). Tuition will not be exempt or prorated because of severe weather closing or if a state of emergency has been declared.

Public School Closures

If your child attends public school and that school closes for a holiday break, snow day, or any other reason, you will be required to pay an additional fee for your child to stay with us for the entire week or day. Please refer to your Tuition Agreement or contact our School Director for additional information.

Outdoor Temperatures

Outdoor time is a special time of the day to release energy and enjoy the physical rewards of active play.

Our management team will use the Child Care Weather Watch (found on DCDEE website ([here](#))) to assess weather conditions based on the wind-chill and heat index charts. Decisions related to limited outdoor time/no outdoor time due to harsh weather conditions will be made based on the chart. Please make sure that your child is dressed appropriately for the weather.

Absences, Sick Days, and Vacations

If your child is enrolled on a full-time basis, you will receive a number of “absentee credits” for each calendar year. Please see our School Director for additional information about absentee credits.

Daily Arrival and Departure¹

For your child’s safety, please escort him or her, preferably holding hands, while in the parking areas and hallways; and deliver them to the classroom door each day. The same routine should be followed when picking up your child. Make sure that the classroom teacher is aware of your child’s arrival/departure. In addition, parents are required to **sign in and out** of the school at the front desk. Throughout the day, our teachers track each child’s movement when they participate in activities that take them outside of the classroom, for example when the class goes outside, or if they participate in an extra-curricular activity.

¹ Please note that these are the standard procedures at our School. However, these procedures are subject to change as required by state licensing or other governmental authorities due to public health or other concerns.

During arrival, it is very important to set up a routine that your family can follow every day. This provides your child with a sense of security. Please keep teachers informed about your child's health, mood, eating habits, family situation, or anything you think might affect your child's behavior at school. We recommend that you help put away items in their cubby, walk with them to greet their teacher and friends, and assist your child in selecting a toy or joining an activity.

When it is time for the person dropping off the child to go, tell the child you are leaving, and say, "Good-bye." If our child is having difficulty separating, signal a teacher for assistance. Feel free to call us later if your child is upset when you leave, and we will let you know how he or she is doing.

Late Arrivals

Occasionally, children participate in field trips or other activities that take them away from their classroom. Should your child arrive, and their classroom is not on campus, arrangements will be made for your child to participate in another classroom's activities until they can rejoin their original class.

Identity Codes

As an added safeguard, each school is locked at all times. Upon enrollment, parents/guardians will be assigned an identity code to use when entering our School. DO NOT give this code to any other person. Persons other than parents, guardians, and staff may enter by ringing the doorbell. For anyone who violates this policy, we reserve the right to disenroll your child.

Visitors

Visitors are required to show identification and sign in on the visitor log kept at the front office. Visitors are escorted while on campus.

Release of Child to Authorized Persons

Children will not be released to any person that is not specifically designated on your child's enrollment form. Each authorized person will be required to show photo identification, such as a driver's license. This information will be copied by our office personnel. Once the person's identity has been confirmed, an authorization sticker will be given to the authorized person, who must give it to the child's classroom teacher. Teachers will place the sticker on your child's daily sign in/out sheet to record the authorized pickup.

Release of Child to Unauthorized Persons

If there is an emergency which requires an unauthorized person to pick up your child, you must provide the School Director your permission for the pick-up, in writing, before the unauthorized person arrives.

Custodial Information

Persons identified as parents on a child's enrollment form will be allowed to pick up the child whose name is on the form. If a court has issued an order limiting or restricting access of a parent to a child, a court stamped copy of such an order must be submitted to the School Director. This Children's Lighthouse School may not be used as a visitation site, nor will we be responsible for determining compliance with parent visitation schedules.

Late Pick Up

Please make every effort to pick your child up on time – he or she is eager to see you! If something prevents you from being on time, you should 1) arrange for one of your authorized persons to pick up your child or 2) notify the school immediately if your emergency contacts are not available.

If your child is not picked up by the school's closing time, and you have not notified the school, the following steps will be taken:

- 1) We will attempt to contact you and/or your authorized persons.
- 2) If we are unable to reach you or any of your authorized persons within 30 minutes after the School's closing time, the School Director (or designated person in charge) will decide whether and when this state's child protective services (or other appropriate authority) will be contacted. This decision will be based on our state's childcare licensing regulations.
- 3) If authorities are contacted, they will be given the emergency contact information listed on your child's enrollment form.

Under no circumstances will the School Director or any employee of this Children's Lighthouse School take your child home or transport your child to another location. Additionally, the late fee listed on your Tuition Agreement will be charged.

What to Bring on Your Child's First Day

You have probably visited us on one or more occasions, and our intent is for you to have a smooth and informative enrollment and orientation process. We want you and your child to feel comfortable and welcomed on your first day at our Children's Lighthouse School, and we understand no matter how well prepared and excited a family may be, the newness can also be a little scary for everybody. We do not consider any questions or concerns you may have to be unimportant or silly.

To help you prepare, here is a list of suggested items to bring on your child's first day, sorted by age:

Infant	Diapers, wipes, premade bottles labeled with your child's first name and last initial, diaper cream/ointment, sleep sack, baby food (if applicable), at least 3 extra changes of clothes, and pacifier (if your child uses one)
Toddler	Diapers, wipes, diaper cream/ointment, sunscreen, a lightweight blanket, at least 2 extra changes of clothes including a pair of shoes
Preschool (Twos and Older)	A lightweight blanket, at least 2 changes of clothes including closed-toed shoes (consider more if your child is toilet training), training diapers (such as Pull-Ups®) if your child is potty training, diapers if child is not potty training, sunscreen
School-Age	Sunscreen, refillable water bottle

Your child's teacher will communicate when items need to be replenished.

Our Program

The teachers in our School are advocates for children who love and encourage each child to develop academically and socially. As they listen and learn with each child, they assess and guide the learning process and empower children to make sense of their world. It is our goal that our teachers implement teaching strategies that promote positive behavior, cultivate positive relationships, and work together to create a respectful learning environment.

Children are provided with appropriate materials in our beautiful classrooms. The classroom environments are carefully thought-out and reflect a child-centered view. Materials are displayed in a functional yet inviting manner, which nurtures the child's inner creativity. Tools and props are rotated frequently to reflect the needs and interests of the group. Each classroom has a daily schedule that is posted on the Parent Board outside each classroom.

The Lighthouse Pathways™ Approach to Learning

Lighthouse BRIGHT™ - Infants and Toddlers birth to 18 months of age

Our proprietary Lighthouse BRIGHTSM curriculum for infant and toddlers is based on **B**rain **R**esearch using **I**ntegrated skill development that is **G**oal and **H**earth focused using individual **T**ime, rich in language experiences. This curriculum, together with teacher and parent support, provides everything needed to address the needs of the “whole child,” and gives your infant a strong foundation across all elements of early development.

BRIGHT provides a quality learning foundation to support the development of higher thinking skills through a curriculum designed to build healthy brains at the earliest age.

Lighthouse CARES™: Two Years through Five Years

Preschool children excel with our CARES curriculum featuring The Learning Wall, Learning Lesson Session, Centers That Shine, and 3E: Outdoor Curriculum that involves exploration, experimentation, and exercise. (3E pilot during the 2021-2022 school year for implementation in September 2022)

Character-building values for social emotional development: Our comprehensive curriculum focuses not only on intellectual development, but also on healthy social and emotional growth through systematic character values education.

Active Engagement through exploration: Activities are designed to promote active learning through a “hands on” approach that allows children to explore the world in which they live.

Research-based on current early education practices: Learning activities are grounded both in time-honored practice, such as learning through play, as well as in current research findings in the field of neuro-education. “Brain-based” learning strategies, for example, reveal that memory and creativity are enhanced by music, movement, and artistic expression.

Embedded Content in activities and lessons: Our full-integrated curriculum is characterized by thematic units which combine the key skills of reading and mathematics with learning in the content areas of science and social studies.

Skills based on national and state benchmarks: Every learning activity is carefully planned to meet or exceed both national and state standards.

Lighthouse CARES incorporates three primary times of focused learning: The Learning Wall, Learning Lesson Sessions, and Centers That Shine (both “free choice” and assigned rotations). Each classroom is equipped with the following Learning Centers: Literacy, Skills and Games, Math and Manipulatives, Science, Library, Art, Technology, Blocks and Building, and Dramatic Play.

School-Age Children - Kindergarten through 12 years of age

The purpose of the School-Age program is to provide an environment for children who also attend elementary school that is filled with both fun and enrichment. Every School-Age classroom is complete with displays, decorations, and fully equipped Labs at this age include Science, Technology, Reading, Engineering, Art, and Math and Games, as well as Homework and Snack stations.

Technology Use Guidelines

The use of technology tools – whether devices, programs, or processes – is a valuable means of supporting and enhancing learning. Interactive technology devices used at our Children’s Lighthouse School may include computers, laptops, tablets, interactive learning tables, interactive books and games, Smart Boards, and digital cameras. However, based on recommendations from recent research and licensing regulations, we limit the amount of screen time children experience and focus more on active learning. Screen time, of any kind, is prohibited for children under two years of age.

Physical Activity and Outdoor Play

Our School takes a proactive approach to helping children stay physically active. In each classroom, there are activity areas set up to encourage physical activity. Physical activity occurs in each classroom during structured and unstructured time. We also promote large motor development outdoors. We spend time outside each morning and each afternoon, as weather permits. While outdoors, children have opportunities to run, climb, jump, pedal, push and pull, etc. They are encouraged to participate in group games that are physically active and that help develop their gross motor development and social skills.

Our playground environment sparks the children’s imagination and serves as an integral part of physical development. Physical activity and exercise are encouraged to teach a healthy lifestyle. The equipment on the playground is safe and is inspected regularly by our teachers and School Director to help ensure they remain that way. Our separate play areas keep similarly aged children together, which helps ensure each child’s safety. At the end of the day, when fewer children are at the School, children may be grouped together with low child/teacher ratios and appropriate supervision. We take all of these steps because your child’s safety is our greatest concern.

Character Development

Our exclusive program of character development is an essential part of each of our programs. By planning targeted activities and modeling desired traits, our children are consistently exposed to positive values such as cooperation, helpfulness, patience, respect for diversity, kindness, and gratitude. Not only does this instruction aid in establishing good habits for the future, it also reduces incidents of misbehavior in the classroom.

Show and Tell and Personal Belongings

Show and Tell times, typically held on Friday mornings, are a valuable part of our curriculum and a special venue for encouraging language development. Classrooms generally rotate Show and Tell among a few children designated each week, so each child has a chance to have his or her special time to share.

Occasionally, your child's class will have an "All Class Show and Tell," such as "Bring a Bear Day" or "Bring Something Red Day." These special times are noted on your child's "Calendar Connections."

The School is not responsible for lost personal items or clothing. **It is your responsibility to make sure everything your child brings or wears to school has his/her name clearly written on it in permanent marker.** Please do not send personal possessions with your child unless specifically requested.

Toy guns or weapons of any kind are prohibited at all times. Small or delicate items, such as jewelry, coins, and ceramics, which could be easily swallowed or broken, are not to be brought to school either. All items brought to school should fit in your child's backpack or cubby.

Personal electronic devices from home are prohibited in our Infant, Toddler, Preschool, and APK classrooms. School-Age children may bring devices from home, but they must comply with our Code of Conduct.

Accreditation

All Children's Lighthouse Schools operate under the childcare education system developed by Childrens Lighthouse Franchise Company – which is accredited by Cognia (formerly AdvancED®). Each Children's Lighthouse School is held to high standards of operational and educational excellence. The Cognia accreditation demonstrates Childrens Lighthouse Franchise Company's commitment to nurture the development of each child's full potential intellectually, emotionally, socially, and physically in an atmosphere of safety and trust. Each Children's Lighthouse School is privately owned and operated and may be individually accredited.

Ratios and Group Sizes

Appropriate ratios and group sizes are kept in accordance with state childcare licensing requirements. The appropriate ratio varies with the age of children in each classroom. State ratios are posted in each classroom on the Teacher Board.

Program Options

Enrollment Policies and Required Forms

Non-Discrimination Enrollment Policy

Children’s Lighthouse Schools offer educational childcare services to all interested families. Our enrollment policies are based on non-discriminatory policies and laws. We do not discriminate on the basis of religion, color, race, gender, sexual orientation, age, national origin, disability, or any other factor prohibited by law. Children are admitted to our program as openings are available, based on the order of their enrollment application and receipt of the designated registration fee.

Confidentiality and Children’s Records

All information contained in your child’s records is privileged and confidential. Parents or guardians may have access to their child’s records at reasonable times upon request. Please contact your School Director if you wish to add or update any information contained in your child’s records. Updates might include such information as: changes of address, telephone, employment, and/or names of persons authorized to pick up your child. Your child’s records will be kept for the minimum time specified by our state’s licensing regulations. Should you require a copy of your child’s file, an administrative fee may be charged.

Children with Special Needs

We make reasonable accommodations for children with special needs, based on their Individualized Education Program (“IEP”) or similar assessment and as indicated on your child’s Enrollment Form. Please note that “reasonable accommodations” do not include adjustments to the classroom’s child/teacher ratio.

Required Enrollment Information

All forms provided to you upon acceptance of enrollment **MUST** be completed before your child attends. To enroll (or re-enroll) your child, you must complete and sign the Enrollment Form and other School-specific forms we require, as well as any other local and/or state-specific forms required by licensing regulations. Forms/information include, but are not limited to, the following:

- ☑ Our required **Enrollment Form**, which includes basic information about you and your child, and which will be given to you upon payment of the registration fee. All families must maintain current information by emailing or giving updated information in person to the School Director (the school email address can be found both on the website and **School Specific Information form**).
- ☑ **Authorized Release Information**, included in your Enrollment Form, includes the names, addresses, and telephone number(s) of all persons you authorize to pick up your child from our Children’s Lighthouse School. We will only release your child to an authorized person, specifically designated by you, in writing. For the safety of your child, we will require that a photo ID be presented EACH TIME the authorized person picks up your child.
- ☑ **Tuition Agreement**, which must be completed and signed. PLEASE NOTE: We reserve the right to change or modify fees and/or policies with a two-week notice. Information regarding payments, charges, and separation procedures can be found in the Tuition Agreement.
- ☑ State-required **applicable health forms** must be completed prior to admittance. These forms may include, but are not limited to, the following:
 - A copy of your child’s **current immunizations** or a signed affidavit stating the reasons immunizations have not be given. NOTE: Most states require **vision and hearing screening** at the age of four. The School Director will furnish you with specific requirements for our state.
 - The **Ongoing Medication Authorization Form**, for children who require daily medication.
 - The **Allergy Alert and Action Plan** for children with allergies, regardless of the type of allergy.
 - The **Physician’s Recommendation and Health Statement**, which is often combined with the immunization forms. PLEASE NOTE: The **Physician’s Statement** stating that your child is physically able to participate in a group care setting (such as the one our School provides) must be signed. We accept children in compliance with the ADA. If your child has special needs, please furnish a copy of his or her IEP, or similar document, for inclusion so we may provide the very best care for your child.
- ☑ **Video Monitoring and Photo Release Form**, which may be included as a part of your Enrollment Form. (*Please see “Photo Use and Internet Video Monitoring” below for additional information.*).
- ☑ **Infant Feeding Schedules**, if applicable, must be completed and updated as needed or every 30 days—whichever comes first. (*Please see “Nutrition” in the Health and Safety section for additional information on infant feeding.*).
- ☑ **Transportation Agreement**, for children participating in our School-Age before and after school program.
- ☑ If there are **court orders** affecting the custody of your child, you must furnish us a certified copy of the court order, signed by the presiding judge. While we will ensure that we are in compliance with the court order on file for your child, it is our policy to remain neutral in all custody matters. Our Children’s Lighthouse School may not be used as a visitation site, nor will we be responsible for determining compliance with parent visitation schedules.

- ☑ **Sunscreen Permission Form** may be a part of your enrollment packet or may be distributed at a later date.
- ☑ **Parent Handbook Acknowledgement Form**, which is included at the end of this handbook.
- ☑ **School Specific Information Sheet**, which provides information specific to this Children’s Lighthouse School, and
- ☑ **Any additional forms required by us or the state.**

Registration, Tuition, and Fees

A non-refundable registration fee is due when your child’s enrollment application is submitted. Tuition is billed in advance of each week on Monday morning. Late payment fees, as defined on your Tuition Contract, will be charged if payment is not received by close of business on Tuesday of each week. We will refund tuition and fees if paid ahead and not utilized, excluding non-notification of withdrawal and registration fees. Refunds can take up to 30 days to process.

We reserve the right to refuse service for families who have an outstanding account balance at the end of the week.

Itemized Fees

An itemized fee schedule may be found in the Appendix of this Handbook.

Photo Use and Internet Video Monitoring

Our staff often take photos of the children in our care while in the classrooms and/or on the playground. While most of these photos are used solely for classroom projects, some may be used on our website, the Childrens Lighthouse Franchise Company website, in marketing materials such as brochures or flyers, in school publications such as the parent handbook, and/or for staff development/training purposes. If you prefer that your child not be included in these latter categories, please check the appropriate box on your Enrollment Form.

Many Children’s Lighthouse Schools offer internet video monitoring for parents. These “real-time” videos not only offer parents the comfort of knowing their child is in good hands, but also provide a unique glimpse into their child’s daily work and play. Naturally, the security of the children and the school are a primary concern; therefore, any use of these videos—including reproduction, printing, or image duplication—is prohibited without prior written consent by the School Director.

Parents and/or visitors in our schools may not photograph or video children other than their own. We reserve the right to disenroll the child of any parent who violates this photo use and internet video monitoring policy.

Notification of Withdrawal

If you must withdraw your child from our School, for any reason, you are required to provide a two-week notice by completing the **Notification of Withdrawal form**, available from the School Director. If proper notification is not given, you will be responsible for the payment of a fee equal to two weeks of tuition.

Re-Enrollment

Should you wish to re-enroll your child, new enrollment information must be submitted, along with the applicable registration fee, provided an opening is available.

Suspension and Termination of Services

We will take all measures to avoid suspension and or expulsion. Our program uses a proprietary curriculum which is based on intellectual development and healthy social emotional growth through character values. Our teachers provide written documentation throughout the year to communicate with parents about their child's growth and development. Individual behavioral incidents will be documented and communicated with parents on an on-going basis. Parents are notified in writing and, if needed, a conference will be scheduled to discuss their child's behavior. In certain situations, parents may be encouraged to seek professional support and services. Ask your School Director for recommendations.

At times, parents may be asked to pick up their child and keep him/her home the following day to work on behavior issues. If behavior is not corrected, as a last resort, a one-week notice of termination of services will be given, unless the child is an immediate health or safety risk to property or other persons. We reserve the right to terminate services if we cannot meet the social, emotional, and safety needs of the child and/or due to aggressive and or unsafe behavior exhibited by the child.

Protecting Our Children

Positive Discipline Strategies

At Children’s Lighthouse, “discipline” is defined as **training by instruction or example**. Our policy prohibits the use of any form of negative discipline including “behavior charts” or any similar reward/punishment technique. Ten positive discipline strategies, which are of benefit to both teachers and parents, are:

Develop a plan. *Be familiar with the personalities and needs of your individual children, as well as overall developmental guidelines for your child’s age group.*

Ignore the misbehavior, if possible. *Remember, you are ignoring the **behavior**, not the **child**.*

Structure the environment. *Children who are engaged in creative and meaningful learning activities have few behavior problems.*

Choose your battles. *Ask yourself, in the grand scheme of the day, how important is this?*

Involve the child through choices and consequences. *Provide children with as many choices as possible according to their development levels. Teach children that their actions have consequences; and that **they choose** whether or not to follow the classroom/family rules.*

Provide privileges in relation to responsibilities. *Subtly (but consistently) reinforce the connection between “the more responsible we are” and “the more things we get to do.”*

Learn to ACT instead of REACT. *Action is both self-driven and positive; reaction, on the other hand, is negative and implies that someone or something else is in charge of actions.*

Increase consistency. *Children want to be able to depend on us – even when they are testing their boundaries (and you!).*

Notice positive behavior. *The most impactful discipline strategy for young children is to “catch them being good.” Children want our attention, and they will settle for negative attention if they cannot get positive attention. Encouraging words, combined with engaging and developmentally appropriate activities, are the most important tools a teacher (or parent) has in his or her toolbox.*

Excuse the child for some “self-time.” *This strategy should be used sparingly and only as a last resort. If a child’s behavior has become disruptive or physically aggressive, the child should be “excused” from the group. The purpose of “self-time” is not to punish the child, but to give him/her a chance to re-gain control.*

Prohibited Strategies

Children’s Lighthouse maintains a **zero-tolerance** policy regarding any forms of discipline or guidance which involve harsh, cruel, or unusual treatment of any child. The following types of discipline methods are **strictly prohibited at all Children’s Lighthouse Schools**:

1. **Corporal (physical) punishment, including grabbing, squeezing, pinching, shaking, or biting a child;**
2. **Threats of corporal punishment;**
3. **Any punishment associated with food, naps, blankets/toys, or toileting;**
4. **Picking up, lifting, and/or dragging a child by hands or arms;**
5. **Hitting or tapping a child with a hand or instrument;**
6. **Putting anything in or on a child’s mouth;**
7. **Humiliating, ridiculing, rejecting, or yelling at a child;**
8. **Subjecting a child to harsh, abusive, or profane language;**
9. **Placing a child in a locked or dark room, bathroom, or closet, with or without the door closed;**
10. **Requiring a child to remain silent or inactive for inappropriately long periods of time for the child’s age; and**
11. **Inappropriate restraint of a child.**

Our staff members are specifically trained in the use of positive guidance methods and may only use discipline strategies which encourage the development of self-esteem, self-control, and self-direction.

An Individualized Approach

Discipline strategies are individualized and consistent for each child, appropriate to the child’s level of understanding, and directed toward the goal of “self-discipline.” In addition, we believe in establishing open, honest communication concerning every aspect of your child’s development and in working as a team to achieve the desired results. If necessary, we will meet with you to complete a Behavior Modification Plan if the child’s inappropriate behavior is deemed by us to be a safety concern or to be a disruption to the classroom environment. As a last resort, we reserve the right to deny services due to aggressive and/or unsafe behaviors exhibited by the child or parent.

Discipline Guidelines to Remember

- ♥ **The goal of discipline is self-discipline.**
- ♥ **Discipline is not something you do **TO** the child. It is something you do **FOR** the child.**
- ♥ **Love, in the absence of instruction, will not produce a child with self-discipline, self-control, or respect for his fellow man.**
- ♥ **The proper attitude for a child’s misbehavior is, “I care too much about you to let you act like this.”**
- ♥ **Every child is important and deserves to be valued.**

Intervention Support

We believe in working as a team to identify the specific social and emotional needs of each child. Our staff are trained in methods that enable them to understand children’s behavior and develop positive behavior support plans for each child. This reduces challenging behaviors and may prevent suspensions and expulsions.

When a situation occurs that make a child’s needs difficult for staff and parents to adequately address, the family will be given information on how to access an early childhood mental health specialist to support their child in all environments. You may consult the School Director for additional resources.

Child Abuse Awareness

Education and Training

According to the Administration for Children and Families (ACF), child abuse and neglect affect about 6 million children in the United States each year. We train our employees on the prevention, recognition, and reporting of child abuse situations. The training must be completed within 90 days of employment and yearly thereafter. The training includes opportunities for feedback, as well as a written questionnaire, to ensure that all staff understand the information presented.

Children’s Lighthouse is also committed to increasing awareness of this very important issue through a combination of education and support for the families we serve. We inform both parents and staff by sharing information concerning child abuse and neglect prevention methods, as well as warning signs of abuse, through a combination of memos, monthly newsletters, and electronic communications through our website, Facebook®, and Twitter®. Parent information concerning child advocacy organizations and the detection and prevention of abuse are included in the “Parent Resource” section at the end of this Handbook.

Mandated Reporting Requirements

State law mandates that teachers and childcare employees report suspicions of child abuse and/or neglect. Failure to do so can result in legal liability. A report is not an accusation, but a request for investigation and possible help for the family involved. We comply with all state and federal laws for reporting child abuse and/or neglect. We want all of our children to be safe and well-cared-for—not just while in our care, but always. If you would like more information on the mandatory reporting requirements for our state, please contact the School Director.

Child Advocacy Information

Our local or state Child Abuse Hotline is listed on your Tuition Contract and/or Enrollment Form. Parents of children who are/have been victims of abuse or neglect may contact local child advocacy websites, state child protective services, or local law enforcement to obtain assistance and/or intervention. A list of community child advocacy websites and other information concerning child abuse may also be obtained from your School Director.

National Child Abuse Hotline 1-800-4-A-Child (1-800-422-4453)

Medical Policies

We are committed to providing a safe environment for children, parents, and employees. All persons on our property must adhere to acceptable safety practices and standards.

Communicable Diseases

We value your child's health and recognize the importance of preventing infectious diseases, particularly in a childcare setting. If any child in our care is diagnosed with a reportable disease, as specified by our state's licensing agency or other government agency, parents/guardians of the other children will be notified. If you would like additional information about reportable diseases, please contact the School Director.

Coronavirus Disease 2019 (COVID-19) Information

Coronavirus (COVID-19) is an illness caused by a virus that can spread from person to person. The virus that causes COVID-19 is a new coronavirus that has spread throughout the world. COVID-19 symptoms can range from mild (or no symptoms) to severe illness. As of July 2020, there is currently no vaccine to protect against COVID-19.

To help mitigate the chance of children and staff contracting the coronavirus while attending our School, we adhere to all local, state, and federal sanitation, social distancing, and communications guidelines. Guideline examples may include teachers wearing face shields, minimizing families and visitors in the school, temperature screenings, lowering classroom group sizes, and social distancing, where appropriate. We will keep you apprised of any changes in mandatory or voluntary guidelines.

Illness: Signs, Symptoms, and Exclusion/Readmission Criteria

Please do not bring your child to School if he or she exhibits any of the following conditions and/or symptoms:

- × **Any reportable condition that a government agency or your child's physician has determined to be contagious. In this instance, your child may return upon receipt of a physician's release note;**
- × **Any fever higher than the temperature allowed by our state's licensing agency;**
- × **Colored discharge from the nose;**
- × **Constant, deep, or hacking cough;**
- × **Sore throat with swollen tonsils or glands, white spots in throat, or throat that hurts when swallowing;**
- × **Undetermined rash;**
- × **Stomachache accompanied by vomiting, abdominal cramping, and/or diarrhea;**
- × **Signs of conjunctivitis, such as redness or discharge from one or both eyes;**
- × **Complaints of ear pain, followed by fever; and/or**
- × **Head lice and/or eggs.**

If any of these signs or symptoms appear while your child is at school, he or she will be kept separate from the group; and you will be contacted to arrange immediate pickup. In many cases, children will not be allowed to return until 24 hours have passed without symptoms.

To attend school, your child needs to be well enough to participate in group care, which means he/she must be able to follow his/her class's daily schedule and activities without the need for one-on-one attention from the teachers.

Immunizations

A copy of your child's current immunizations or a signed affidavit stating the reasons immunizations have not been given must be on file before your child may attend. NOTE: Most states require vision and hearing screening at the age of four; the School Director will furnish you with specific requirements for our state. Similarly, a TB test may be required, as well as other immunizations, depending on the location of our School and then-current requirements of government agencies.

Influenza Information

Influenza, commonly called "the flu," is caused by a virus which affects the nose, throat, and lungs. According to the U. S. Center for Disease Control (CDC), influenza, unlike the common cold, can cause severe illness and life-threatening complications. Severe flu complications are most common in children under 2 years of age; however, children under the age of 5 commonly need medical care. "Flu Season" can begin as early as October and last as late as May. For additional information, please read the CDC publication, "The Flu: A Guide for Parents," included in this handbook and/or contact the School Director for specific state guidelines regarding the influenza virus.

Handwashing

Handwashing is like a "do-it-yourself" vaccine. It involves five simple and effective steps – Wet, Lather, Scrub, Rinse, Dry – you can take to reduce the spread of diarrheal and respiratory illness so you can stay healthy. Regular hand washing, particularly before and after certain activities, is one of the best ways to remove germs, avoid getting sick, and prevent the spread of germs to others. www.cdc.gov/handwashing

We emphasize stringent hand washing and sanitation procedures (such as "covering" a cough), both as a part of our daily routine and as a specific part of our curriculum, beginning at age two.

Health Check

When appropriate, our staff may conduct periodic health checks prior the child's admittance to the building, the classroom, and/or throughout the day. A health check is a visual and/or non-invasive physical assessment taken in order to identify potential concerns – such as signs or symptoms of illness or injury – about a child's health. *(Please refer to the previous section, "Illness: Signs, Symptoms, and Exclusion/Readmission Criteria" for a basic "health check" list.)*

Medical Emergencies and Accidents

In case of an accident, care for the injured child is our first priority. If the emergency requires immediate attention, we will call 911. (Your emergency medical permission and preferred treatment facility is listed on your Enrollment Form.) If the injury requires treatment, but is not serious, you will be called to pick up your child and take him or her to your physician. Minor incidents or accidents, such as a splinter or skinned knee, will be treated, documented, and reported to you on the day of occurrence.

Medications

We recommend that you dispense medication to your child before or after the school day. (Most physicians can provide a prescription for 12-hour dosages of medication.) If medication must be dispensed at the School, we will use the following guidelines:

- Medication must be signed in on the **daily medication log**, located in the front office, and given to a member of our management team at the front desk. Additional forms may also be required by state licensing or other government agencies.
- **Prescription medications** must be in their original packaging or container and be clearly labeled with dispensing/dosage instructions and your child's first and last name.
- **Nonprescription, or "over the counter" (OTC) medications** can only be administered according to the label instructions, including recommended age-appropriate dosages. Nonprescription medications must be in their original packaging or container and be clearly labeled with your child's first and last name and the date it was brought to the school. No OTC medications will be given for longer than 2 weeks without written permission from a physician.
- If your child requires **ongoing medication**, please complete the **Ongoing Medication Form**, available from the School Director. Additional forms may also be required by state licensing or other government agencies.
- If your child has an **adverse reaction** to medication, we will document his or her symptoms and call you for immediate pick up.
- **All medication** must be taken home every Friday or on the child's last day of attendance. We will not store medications over the weekend, except in the case of emergency medications.

Provisional Medical Care

Our employees are required to meet the vaccination requirements of our local health department. All required vaccinations are kept in the employee's file. Our employees receive CPR and first aid training as required by our state. Our employees are neither licensed nor trained to provide medical care. Our employees do not have authority to provide invasive medical treatments, determine medication dosages, or administer injections (except for a prescribed "EpiPen" or similar injection for the treatment of severe allergic reaction). Please ask the School Director if you have any additional questions about medical care.

Topical Medications

If our state's licensing or other government agency requires physician approval for us to use topical medications/lotions such as sunscreen, insect repellent, diaper ointments, or teething gels on your child, the School Director will provide you with the appropriate forms. If sunscreen or insect repellent needs to be applied, directions must be provided in writing on the **Sunscreen/Insect Repellent Permission form** with the specific name of the product and times of applications. We are not able to share products among children. Our staff will assist in the application of the products and will keep the products in a safe and secure location, out of the reach of children.

Health and Safety Policies

Animal Friends

Learning to care for an animal can be a positive influence on the development of such character traits as responsibility, helpfulness, and compassion. Our classrooms may include class pets, such as fish, hermit crabs, or hamsters; and veterinarian statements, when applicable, will be available for review. With prior notice, pets are welcome to visit the classroom for “Show and Tell;” however, unauthorized animals are not allowed in the building.

Appropriate Attire

To keep your child safe on the playground, make sure that he or she wears shoes that are rubber-soled and closed-toe, with either a closed heel or heel strap. Also, we are very active – both inside and outside – as we explore our environment. Please send your child in washable, durable play clothes. In addition, please send an extra set of clothing, clearly labeled with first and last name, to be kept in your child’s cubby – just in case. We are not responsible for lost clothing.

Biting

As you are well aware, biting is not an uncommon occurrence among young children. Biting may be used by the young child to compensate for his or her lack of language skills, in order to make his or her needs known, or as a simple expression of curiosity—*I wonder what she tastes like*. We take every precaution to minimize biting. Should you have any concerns regarding a biting incident, please contact the School Director. PLEASE NOTE: We adhere to strict confidentiality rules concerning the children in our care. We do not release the names of children or families who may be working through this developmental stage.

Breastfeeding

As a company committed to excellence in all areas, we will provide mothers who wish to breastfeed their new baby a comfortable, private area to do so in our facility.

Cleaning Procedures

We make every effort to ensure the safety of children from environmental hazards and pollution through the use of environmentally friendly supplies. Spraying for insects is done when children are not present and is done in a timely manner so that students will not be in the area immediately after treatment. All chemicals or cleaning agents are stored out of the reach of children.

Consumer Product Recalls

Parents may access recall information, which is typically posted on a weekly basis, at www.cpsc.gov. Recall notices will include pictures of the items, as well as procedures and contact information. In addition, you may sign up to receive email notifications from the CPSC at www.cpsc.gov/cpsclist.aspx. We encourage all parents to make sure there are no recalled products in the home.

Diapering Procedures

Teachers in our infant and toddler rooms are fully trained in safe diapering procedures, including proper sanitation of the changing area and hand washing for both teacher and child. In addition, teachers are required to wear gloves when changing diapers. Every diaper change is recorded on your child's **Daily Communication Log** (described in "Parent Communication and Notifications" section). PLEASE NOTE: To ensure your child's comfort, **parents must provide** diapers, baby wipes, and any needed diaper creams or ointments.

Emergency Preparedness Plans

Our School has plans for emergency evacuations in accordance with local and state requirements. All classes routinely practice fire and severe weather drills. Documentation of emergency plans and drills may be viewed in the front office. If you have questions regarding specific requirements, please ask the School Director.

Employee Restrictions

Our employees are selected solely on the basis of their performance in teaching within a CONTROLLED and FULLY SUPERVISED environment. Although our employees are discouraged from providing any type of "after hours" childcare services to our families, we are unable to prohibit such activities. PLEASE NOTE: If you engage any of our employees for services outside the employee's work schedule at our Children's Lighthouse School, we will not be responsible for any incident that may occur. In addition, we offer no assurances of fitness/qualifications of our employees in any situation other than our professionally supervised environment; and none should be implied or inferred under any circumstance.

Gang-Free Zone

A gang-free zone, which includes such locations as schools, playgrounds, and video arcade facilities, is an area in which a gang-related activity is subject to an increased penalty under individual state laws. These laws typically prohibit any type of gang-related criminal activity within 1000 feet of a school or childcare facility.

No Cash Policy

To ensure the safety of the children in our care as well as our employees, we do not accept cash payments, nor do we keep cash "on hand."

Nutrition

Except as described below for infants and toddlers, we are proud to offer nutritious and delicious meals and snacks. Menus are available at the front desk. Should you choose to provide a replacement snack or meal for your child, you will be responsible for meeting his or her nutritional needs. (*For additional information, please refer to “Celebrations and Birthdays” listed in the Parent Communication section.*) We provide lunch, as well as morning and afternoon snacks.

Infants and toddlers are fed according to your instructions. We do not provide food for the infants in our care. Please complete the **Infant Feeding Schedule** and update it as needed or every 30 days, whichever comes first. Please let us know, as your child begins to eat “table food,” if you would like her or him to participate in our snack/meal program.

Quiet Time

Specific age groups have a scheduled time to relax and recharge. You may provide a small blanket for use during this time if your child needs a special “lovey.” Children who do not nap will be offered books to look through or other quiet activities. Ask your School Director if you have other questions regarding quiet time.

Safe Sleep Policy

Parents can review information on safe sleep and reducing the risk of Sudden Infant Death Syndrome or Sudden Unexpected Infant Death Syndrome (“SIDS” or “SUIDS”) at: <http://www.healthychildren.org/English/ages-stages/baby/sleep/Pages/A-Parents-Guide-to-Safe-Sleep.aspx>

All staff, substitute staff, and volunteers at our School will follow these safe sleep recommendations of the American Academy of Pediatrics (“AAP”) and the Consumer Product Safety Commission (“CPSC”) for infants to reduce the risk of SIDS or SUID):

- ♥ Always put infants to sleep on their backs, unless you provide an Infant Sleep Exception letter signed by the infant's health care professional.
- ♥ Place infants on a firm mattress, with a tight-fitting sheet, in a crib that meets the CPSC federal requirements for full size cribs and for non-full-size cribs.
- ♥ For infants who are younger than 12 months of age, cribs should be bare except for a tight-fitting sheet and a mattress cover or protector. Items that should not be placed in a crib include soft or loose bedding, such as blankets, quilts, or comforters; pillows; stuffed toys/animals; soft objects; bumper pads; liners; or sleep positioning devices. Also, infants must not have their heads, faces, or cribs covered at any time by items such as blankets, linens, or clothing.
- ♥ Do not use sleep positioning devices, such as wedges or infant positioners. The AAP has found no evidence that these devices are safe. Their use may increase the risk of suffocation.
- ♥ Ensure that sleeping areas are ventilated and at a temperature that is comfortable for a lightly clothed adult.
- ♥ If an infant needs extra warmth, use sleep clothing. Sleep sacks, sleepers or footed pajamas are required as an alternative to blankets.
- ♥ Place only one infant in a crib to sleep.
- ♥ Infants may use a pacifier during sleep. But the pacifier must not be attached to a stuffed animal or the infants clothing by a string, cord, ribbon, or other devise.
- ♥ If the infant falls asleep in a restrictive device other than a crib (such as a bouncy chair, swing, or arrives to care asleep in a car seat), move the infant to a crib immediately, unless you provide an Infant Sleep Exception letter signed by the infant's health care professional.
- ♥ Additional recommendations for SIDS reduction include the avoidance of exposure to smoke. Our childcare program is smoke-free. Smoking is not allowed in Children’s Lighthouse childcare operations (this also includes e-cigarettes and any type of vaporizers).
- ♥ Actively observe sleeping infants by sight and sound.
- ♥ If an infant can roll back and forth from front to back, place the infant on the infant's back for sleep and allow the infant to assume a preferred sleep position.
- ♥ Awake infants will have supervised “tummy time” several times daily. This will help them strengthen his/ her muscles and develop normally.
- ♥ Do not swaddle an infant for sleep or rest unless you provide an Infant Sleep Exception letter signed by the infants’ health care professional.

Smoking

Smoking and using smokeless tobacco are not permitted in school buildings, vehicles, or on or near the School property.

Toilet Training

When you are ready to begin toilet training your child, we are on your team! We have scheduled (and unscheduled) potty times for our toddlers and twos who are just learning to use the toilet. We will document your child's progress on your Daily Communication Log.

Transportation: General

All employees who are responsible for transporting children are required to complete annual training. Our training addresses expectations for children, escorts, and drivers while participating in transportation activities and includes safe loading/unloading procedures, attendance procedures, safety and emergency preparedness, and state minimum standard requirements.

Children who will be transported in our School vehicles must also abide by rules to ensure their safety.

1. Children must be on their best behavior and follow instructions before, during, and after any transportation to/from school or on a field trip.
2. Hands must be kept inside the vehicle and to oneself. Children must allow the driver to open or close the vehicle door(s).
3. Children must remain seated, facing forward with seat belts fastened while in the vehicle.
4. Any child who does not follow these rules or any rules determined by the vehicle driver puts themselves in danger and may be denied transportation privileges. All behavioral incidents will be written and communicated by the School Director.

Transportation: Field Trips

Only children 5 years and older will be transported, on a fully licensed, inspected, and insured School van or bus, for field trips. Neither parent nor staff vehicles may be used to transport children. You will receive prior notification of scheduled field trips and will be required to complete **written consent/permission forms** for your child to be able to participate in any field trip.

Transportation: School-Age Children

We provide transportation to and from designated public and private schools in fully licensed, inspected, and insured buses or vans. School-Aged children who ride our vans/buses are expected to report to the bus immediately following school dismissal.

Water Activities

During the hot summer months, if we offer outdoor "splash play" water activities, parents will be sent a permission form to sign for any water activities that involve swimming and/or a lifeguard.

Weapons

We do not allow any type of firearm or other weapon to be carried on our property and/or any event sponsored by the School. An exception may be made for sworn law officers, if required by law. Please see the School Director if you need additional information.

Family Involvement

School Information Board

A statement of where to locate the school license, state and local inspections, and additional parent access information is located on the School Information Board in the front hallway. This board will also include the name of the person in charge of the School, a current list of employees, visitor information, and weekly menu.

Classroom Information Boards

Parent Boards, posted outside each classroom door, include, but are not limited to, the following types of information: teacher biographies and photos, “key learning” and scope and sequence posters (one each for fall, winter, and spring), daily schedule, and weekly lesson plans (if applicable).

The classroom Teacher Board, posted inside the classroom, includes the following types of information: state licensing ratio chart, student allergy list with photos, opening and closing procedures, cot assignment and numbering list, lesson plans, and daily schedules.

Daily Communication

The Daily Communications Log, which may be distributed as a “hard copy” or electronically, contains information for families of infants and toddlers concerning daily activities such as toileting, meals and snacks, naps, overall mood of the child, and classroom activities.

Parents/Guardians are responsible for ensuring that contact information (email address, phone number, address etc. is up to date.

School Websites

The Children’s Lighthouse website, <http://www.childrenslighthouse.com>, provides links to each individual school location. Children’s Lighthouse information and photos may also be accessed through this School’s Facebook page.

Parent Observations²

We always maintain an open-door policy. We welcome parent visits and invite you to observe your child through the classroom hallway windows at any time; however, we do ask that you spend no more than five minutes in the classroom during “drop off” and “pick up” times to minimize disruption for the other children.

² Please note that these are the standard procedures at our School. However, these procedures are subject to change as required by state licensing or other governmental authorities due to public health or other concerns.

Parent Conferences

Conferences will be held periodically to discuss your child's progress and development. These conferences will be offered to parents to exchange information a minimum of 2 times per year. Please feel free to discuss any questions/concerns you have at any time with your child's teacher. Your child's teacher will be able to speak with you briefly, or you may make an appointment so that we can have someone cover his/her class for a more in-depth conference at any time. Information from teacher observations and written assessments is shared during these meetings.

Parent Surveys

Parent surveys are conducted at selected times throughout the year. Please take a moment to complete the parent survey so we may better serve your needs. Your opinion is important to us.

Opportunities for Family Involvement

Celebrations and Birthdays

Seasonal holidays, cultural celebrations, and birthdays are special days for our children and their families. In order to broaden our children's cultural experiences, we encourage you to talk to the School Director about sharing your family's unique traditions. If you would like to provide food for a special day, please make sure that your food is commercially packed, with all ingredients clearly listed, so we may safely accommodate our children with food allergies or dietary restrictions.

Special Events

We sponsor a variety of events for children and family participation, including annual book fairs, "Fall Fest," "Spring Fling," and others. These events will be noted on the School's annual and monthly calendars.

Classroom Visitors

Do you (or a family member) have a special skill, hobby, or talent that you would like to share? For example, we have been visited by a mother who played a musical instrument, a grandfather who was a beekeeper, and a father who raised chickens! Whatever your special gift, we would love to have you share it with your child's class. Please contact the School Director for more information.

Collections

Because we value authentic, hands-on learning experiences, we are always on the lookout for interesting "stuff" to enhance our learning materials and "Prop Boxes." For example, if your Monopoly® game is missing its cards, save the houses. We will use them for counters in our Math and Manipulatives Discovery Center.

Parent Concerns

If you have any concerns regarding your child or School policies and procedures, or if you would like to schedule a conference with your child's teacher, please do not hesitate to contact the School Director.

General Information

Local, State, and National Inspections

Each Children’s Lighthouse School is licensed by the state in which it operates. Every school is visited/inspected and monitored by state and local licensing agents, along with additional fire and health inspectors, if applicable, per local and state regulations. These inspections typically focus on staff qualifications, facility and playground maintenance, health and safety guidelines, nutrition, record-keeping, and specified child to staff ratios. Parents may review these standards, as well as inspection reports, at any time with their School Director. In addition, School Directors will provide parents with essential local licensing contact information, such as telephone numbers and applicable websites.

Volunteers

All volunteers, including parent/guardian volunteers, are subject to a criminal background check prior to volunteering with the School.

Insurance

A copy of this school’s Certificate of Liability Insurance is available for review. Please ask the School Director for more information.

Appendix 1

Parent Handbook Addendum

Childrens Lighthouse of Apex
2001 Apex Peakway
Apex, NC 27502
Phone: 919.924.0401 Email: apex@childrenslighthouse.com

This document is specific to the Children’s Lighthouse of Apex and takes precedence over the Parent Handbook applicable to all the nationwide school locations, contracts, forms, and records signed at the time of enrollment. We will continue to post changes on our website and over parent emails provided at the time of enrollment.

1. Operational Hours, days closed and contact information

- Our hours of operation are Monday to Friday, 7:00am-6:00pm
- The school will be closed for certain holidays and staff professional development days per our annual calendar, which can be requested at our front desk.
- We will attempt to stay open during inclement weather; however, we will make announcements of any room/school closings, late openings, or early dismissals on our school website/Parent Engagement App or Facebook page and/or through local news stations, if available. No adjustments or credits will be issued for school/room Closures or closings including but not limited to inclement weather or COVID or any other unavoidable/unforeseen events or circumstances.
- It is a parent responsibility to provide us with updated information in writing to document changes to their email or address and stay informed with school communications. For wait-listed families, if you do not respond to our second attempt to email and call you by phone per the contact info provided to us, you will be removed from the wait list with email notification to provide the spot to the next waitlisted family. Further, if you have registered and are scheduled to start on a specific date but withdraw for any reason, the spot will be given to the next waitlist family and the spot will be provided upon next availability.

2. Arrival and Mealtimes

Your child and their peers thrive on the consistency of schedule for learning, playground and mealtimes offered in our program. To ensure that your child receives the full benefit of our school program, we ask that all children are in attendance everyday no later than 9:00 a.m. This is when every class begins their academic day and attendance is confirmed for planning lunch meals and teacher ratios. If you wish to have your child join in for breakfast, which is always recommended to have morning socialization with peers, please arrive before the breakfast time per the respective class schedule. We may not be able to guarantee breakfast serving, if your child arrives later than 5 minutes beyond the stipulated breakfast time.

If your child is in after 9:00 a.m. we kindly request that you inform a member of the school prior to 9 a.m. by calling (919) 924-0401 or by emailing apex@childrenslighthouse.com so that your child can be counted into ratio and lunch & snack meal counts for the day.

3. Payments, withdrawal notice and refunds

For the safety of our employees and the children in our care, this school does not accept cash. You must pay via ACH, Check, or credit card with processing fees or debit card. Our registration fees are non-refundable and due along with the first weekly payment of the calendar year. During registration, an interest-free deposit amount equivalent to 2 weeks' tuition is due along with child's enrollment paperwork. The deposit may be used in lieu of withdrawal notice, wherein you are unable to pay for the notice period, irrespective of the child's attendance at the school. If a written notice is provided for withdrawal and tuition is paid by you throughout the notice period, the deposit will be refunded upon disenrollment. There will be an additional fee per child for summer camp activities for ages 2 years and above. The fees will cover any external vendors and supplies for the summer activities. Cost of summer activities will be communicated by Mid-April for the upcoming summer months of June, July, and August of the year.

If you withdraw your child from our school then decide to return, a new enrollment form and registration fee must be submitted, and an opening must be available. Withdrawals require 4-week advance notice.

Any refunds may take up to 30 days to process.

4. Health & Sanitation

Children's Lighthouse of Apex is required to follow the recommendations of the local public health department if someone at the center is tested positive for COVID-19 or has been exposed to COVID-19. Please note that the local public health departments make the final decisions about isolation requirements for individuals who test positive for COVID-19; whether individuals who have been exposed need to quarantine and how long quarantine should last. The center will follow the recommendations of the public health department on a case basis and will keep all concerned families informed of the latest updates through email/parent engagement app or via telephone.

Our families play a vital role in the upkeep of health and sanitation of the center. All parents are requested to wash their child's hands upon arrival in the classroom to allow the highest level of sanitation and safety of all children, especially those with allergies.

5. Building Security and Safety

The school building stays locked with unique coded access for each parent. Please sign-in and sign-out your child using the Procure application located at the front office. To always ensure the safety of our school children during drop off and pick up, families are encouraged to use the parent engagement app (using geo-fencing feature or barcode scan (located at the front door) on the phone for easy sign ins and outs). Please speak to our admin team regarding sign in and sign out features on the parent engagement app.

All other individuals must be authorized in writing by the parents and show a valid ID to pick-up or drop-off your child. This authorization must be completed as part of the initial registration packet. In case of a last-minute change, the authorization may be provided by the parent by email (the email account must match the one listed on the child's registration form) or through Parent Engagement App.

6. **Emergency Preparedness**

It is incumbent upon parents to keep the center informed of how they can be always reached in the event of an emergency. This includes all work, home, and cell phone numbers for parents and any other emergency contacts. Should your child become ill during the time that he/she is in the care of the center, or suffers a serious accident, the center will contact a parent or guardian immediately and shall be authorized to secure such medical attention, transportation, and care for the child as may be necessary (The parent shall assume responsibility for the cost of any such care). We will make all attempts to contact you and other emergency contact numbers first, so it is important that you keep the center informed in writing as to changes in your telephone numbers (cell, pagers, work, home), as well as those of emergency contacts. Because we strive to maintain a safe environment for your child, we make every attempt to be prepared to handle emergency situations. Staff will be trained annually on emergency preparedness including CPR/first aid, fire, weather, and lockdown drills. Children will also participate in monthly drills. In the event of an emergency, we will follow parental instructions on the emergency medical forms unless emergency personnel override that decision. For all injuries, first aid will always be performed, an incident/accident report completed, and parents notified via parent engagement app and/or paper form at pick-up or sooner if warranted.

In case of any emergency closings due to inclement weather or utility outages, we may follow the Wake County school closings to inform parents by messaging through Parent app/ text message/ email or by phone if necessary.

7. **Alcohol, Drugs and Tobacco** The use or presence of alcohol, tobacco or illegal drugs is prohibited in the building or anywhere on the grounds by any staff, parent or visitor. Smoking is NOT allowed in the facilities or on the parking lot and we ask parents to not dispose of cigarettes on the grounds.

8. **Referral Program, Promotions and Discounts**

The terms and conditions of the parent referral program may change from time to time. Please contact the School Director for current program details. We post promotions on our website and/ or parent newsletters. A family is eligible for only one promotion or discount at a time.

9. **Communication & Parent Engagement**

We aim to communicate your child's daily activities through daily reports via our parent engagement app or paper forms. Upon enrollment, each parent/guardian will have access to parent engagement app by the next day after the start date of your child. The app also has a messaging feature which parents can use to send message to the teachers. The response time from the teachers may be delayed as the prime focus of the teachers is child interaction. However, in case of urgency, you may call the front desk. We aim and try our best to schedule zoom or in-person meetings between you and the teachers based on requests from our families. In addition, we also aim to communicate through monthly newsletters posted on our website, social media postings, parent meetings, in-school displays & bulletin boards, website updates, and/or via telephone as needed.

Parent conferences are conducted by the center at least twice a year. We invite all families to communicate with teachers/administration via school email, messaging feature in the parent engagement app. Further, active family engagement is encouraged via school events/celebrations, volunteering for career days, book reading to share culture & character values, book donations and requested items for special art/ projects by classroom teachers. Family participation is highly encouraged and greatly appreciated to boost child and teacher morale and motivation.

10. Video Monitoring

The monitoring system will be provided through the PB&J TV company. You will have access to ten (10) sessions of ten (10) minutes per day. You can log in at your own discretion. Each log-in from 1- 10 minutes counts as a session and it is recommended to maximize your viewing time per session. For optimal viewing, please log out at the end of each session by closing out the PB&J web browser or app. This Video Monitoring system made available to parents is for real-time viewing ONLY, and not available for recorded viewing. We strictly adhere to this policy. Any abusive behaviors of the camera access may lead to written warnings and removal of the viewing service.

11. Photos

Our photo release policy signed during the enrollment process provides authorization for use of photos and videos on our school T.V. monitors, parent engagement app, Facebook and/or website pages. Photos of children taken during school activities including field trips, school events, volunteer activities etc. are for the benefit of our parents and staff. Any inadvertent use with the erroneous inclusion of a child in a group or background will be promptly removed upon notification. With regards to use of child photos for brochure and other marketing materials, we will require written permission for use of children photos in our brochure and other marketing materials.

12. Biting Policy

Biting is unfortunately not unexpected behavior for toddlers. Some children and many toddlers communicate through this behavior. However, biting can be harmful to other children and to staff. This biting policy has been developed with both ideas in mind. As a day care, we understand that biting, unfortunately, is a part of a day care setting. Our goal is to help identify what is causing the biting and resolve these issues. If the issue cannot be resolved, this policy serves to protect the children that are bitten. If a biting incident occurs, state regulations require that the parent of the child biting and the parent of the child who was bitten be contacted. Names of the children are not shared with either parent. Biting is unfortunately not unexpected behavior for toddlers. Some children and many toddlers communicate through this behavior. However, biting can be harmful to other children and to staff. This biting policy has been developed with both ideas in mind. As a day care, we understand that biting, unfortunately, is a part of a day care setting. Our goal is to help identify what is causing the biting and resolve these issues. If the issue cannot be resolved, this policy serves to protect the children that are bitten. If a biting incident occurs, state regulations require that the parent of

the child biting and the parent of the child who was bitten be contacted. Names of the children are not shared with either parent.

When Biting Does Occur: The staff's job is to keep the children safe and help a child that bites learn different, more appropriate behavior.

For the child that was bitten:

1. First aid is given to the bite. It is cleaned with soap and water.
2. Parents are notified either by Procure or phone call
3. Incident report filled out and on Procure

For the child that bit:

1. The teacher will talk with the child and explain that we don't bite and how it hurts our friends.
2. The teacher will make observations to try to discover the reason the child bit (frustrated, lack of communication, teething)
3. The child will be redirected
4. The parents are notified by teacher or Admin Staff by Procure or Phone
5. Incident report filled out and on Procure

When biting becomes excessive:

1. If a child inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, a conference will be held with the parents to discuss the child's behavior and how we can work together as a team to prevent future behavior such as strategies, talk with pediatrician, triggers.
2. If the child **AGAIN** inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, the child will be suspended for 1 business days.
3. If a child once **AGAIN** inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, the parents will be asked to make other day care arrangements.

If a child, who has been through steps 1 and/or 2 and goes 3 weeks (15 business days) without biting, we will go back to step one if the child bites again. If a child bites twice in a 4-hour period, the child will be required to be picked up from day care for the remainder of the day. This will not count towards the 1-day suspension.

13. Food & Nutrition

We offer 3 nutritious meals a day for children over ages 1 year at breakfast, lunch, and afternoon snack in full compliance with the USDA food and nutrition guidelines. Children are not allowed to share food. We use a menu that rotates on a regular basis. Children are encouraged to take at least one bite of each food offered; however, they are not forced to eat. For safety reasons and being mindful of children with severe allergies, all children are served the same food. Exceptions may be made in case of allergies/ special dietary restrictions as prescribed by a

physician, and parents must furnish the food items with proper labels and make arrangements in consultation with the Director. Please notify the Director of any food allergy your child may have, including the severity of such an allergy along with written action plan certified by the pediatrician and any prescribed medication for allergies. Please allow 24 hours to accommodate any changes to ensure all care givers are informed and child's files updated in the kitchen, classroom, and office.

We are a Nut-Free facility and only allow nut-free items on our premises. Breakfast service starts at 8:30 A.M. and ends at 9:30 a.m. depending on the respective class schedules. If you would like your child to be served breakfast, please arrive in time to be at the breakfast table after handwashing by 8:45 a.m. This allows for a smooth transition for our children and teachers to begin the learning wall activity and lesson plans for the day at the scheduled time each day. Lunch service starts at 11:00 a.m. and ends at 12:00 p.m. per respective class schedule. If your child is arriving late and eating lunch at the school, please have them arrive by 10:30 a.m. to be included in the lunch count. This allows our Kitchen Manager to clean the kitchen for timely transitions from breakfast to lunch as well as lunch to snack preparation per sanitation requirements. In case of your child's late arrival, please communicate a day in advance so we can schedule and maintain proper teacher: student ratio per licensing requirements at all times. If a child does not arrive by 9:00 am without prior communication, we may change teacher schedules to fit the current student counts and, in such cases, the child may have to return home for the day.

We welcome birthday celebrations for our children in the classrooms. Some recommended foods for birthdays celebrations at the school include snacks and cakes in their original manufacturer packaging that are free of nuts or nut traces such as fruit snacks, rice krispies, Oreo cookies, popsicles, lollipops, OR toy/ goody bags. Please check with administration before bringing any outside foods and we will screen them for classroom allergies prior to providing them in the classroom.

Infant feeding plans should be completed by families and provided to the admin team during enrollment process. Any updates to the feeding plan should be communicated and signed on by parents monthly. Any forms referenced in this document are available in our administrative office for your convenience including infant feeding plans, allergy action plan forms, medical reports, and dietary restriction forms. Completed forms must be provided to our administrators for correct implementation.

- 14. Sickness, Communicable Diseases and Exclusions:** Health and safety of all children and staff is our top priority and hence we strictly enforce our illness policy. We kindly request your full cooperation by not bringing in sick child(ren) and picking up a sick child within one hour when you are called to do so. The center cannot care for sick children except for brief periods when the child becomes ill at the center. If a child becomes sick at the center parents will be contacted by a phone call and expected to come for the child as soon as possible. The child will be made as comfortable as possible until a parent arrives.

We cannot allow children with contagious diseases in the Center. A child with symptoms such as fever, nausea, sore throat, excessive coughing, non-clear running nose, diarrhea, rashes, vomiting, excessive and abnormal lethargy, or a combination of the above must go home. Our policy requires that if your child is ill, including, but not limited to a severe cough, undetermined rash or spots, boil, congestion, nonclear runny nose, pink-eye, head lice, temperature over 99.5 degrees, severe headaches, nausea, diarrhea, or severe sore throat, he/she cannot be accepted into the center until well or has been without fever or other symptoms for 24 hours without medication and/or with a doctor's note. A child who, due to a temporary health condition, cannot play outside should remain at home. For safety reasons, we are not adequately staffed at all times to watch a single child inside while the rest of the class plays outside.

We request notification of your child's absence when diagnosed with a communicable disease. To prevent any type of contagion including but not limited to COVID-19, we may require a doctor's note for your child's return to school. We are required to post these notices per N.C. licensing to educate, contain and prevent the spread of any infectious disease. Notices will be posted throughout the school to advise individuals of symptoms and incubation periods. Staff is trained on recognizing communicable diseases. We will follow licensing requirements for sending children/staff home due to illness. The final decision on whether to exclude an individual from the program due to illness and/or present COVID tests will be made by the child care center.

In case of a rash, there should be no open scabs when the child returns to school. In case of head lice, the child will be screened upon their return to school. Please ensure your child's return a minimum of 24 hours after treatment with lice removal product and screening using a lice comb for dead lice, nits & eggs.

15. **Miscellaneous items:**

Allergies: If your child has a food allergy, an Allergy Alert form must be completed for posting. Allergy Alerts are posted in our kitchen and your child's classroom to ensure their individual needs are met. Any approved substitutions for children with allergies must be brought into the administrator and not dropped off in the classroom. We strictly follow the doctor's note for all children with allergies. Please discuss any unique dietary needs with our director to determine the best course of action for compliance with nutritional requirements. We require 24 hours to implement any changes to ensure all care givers are informed and child's files updated in the kitchen, classroom and office.

Medication: Parents will complete the medication authorization form and update on an annual basis OR as required. This form is titled 'Permission to administer medication for chronic medical conditions and allergic reactions' to ensure any specific medication plan for your child is implemented as required. Prescription medication will be administered once during your child's attendance if prescribed at/ over 3 times a day and sent home daily. Over-the-counter medication will not be administered unless it corresponds with an authorized doctor's note.

Sunscreen must be turned in to administration at the front desk with the form titled 'Permission to Administer Topical Ointment/ Lotion/ Powder before it is brought into class. This allows us to track the expiry per state requirements or sooner based on the manufacturer. Please mark the child's name on the container with a permanent marker. Sunscreen will be applied before outdoor play in the afternoon and recommended for application as needed before morning drop off.

Diaper Creams: Diaper rash cream must be turned in administration at the front desk with the form titled 'Permission to Administer Topical Ointment/ Lotion/ Powder form before it is brought into class. This allows us to track the expiry per state requirements or sooner based on the manufacturer. Please mark the child's first & last name on the container with a permanent marker.

Items brought from home: A small backpack (up to 14") is recommended with your child's name to help transport daily items and schoolwork. Child items including blankets must fit in the child's cubby (6" cube) and cleared at the end of week for school cleaning. You are encouraged to provide up to 5 labeled cot sheets a week in your child's backpack and these will be returned upon use daily/ weekly. All items brought to school will be checked daily to ensure children have no access to lotions, chap sticks, medication etc. that is not authorized by childcare licensing. Coat hooks are strictly for coats and returning used clothes ONLY and not to hang additional items/ toys from home. Space above cubbies is unavailable for child items and required for storing books and classroom materials. It is requested that all child items, including blankets, toys be returned home over the weekend to clean school totes and premises.

Parent provided supplies Diapers/ wipes/ clothes are not shared between friends due to children's allergies and to help reduce the spread of germs. Per school policy, we send written reminders to parents over parent engagement app/paper form as and when supplies are running low. Upon the third written notice for children not receiving their supplies, the school will provide new replenishments and charge the parents accounts with \$5 per diaper, \$5 for wipes per day and \$10 per piece of clothing.

All items brought to the school must be labeled with the child's first name, last initial and date. This includes bottles, lids, food containers, clothing, pacifiers etc. Parents should deposit bottles and food brought from home in the child's individual labeled container located in the classroom counter. Please note that all left over food and milk will be disposed of after the child's feeding. Empty bottles and containers should be removed at the end of each day. Parents should provide daily communication regarding the time and quantity of last feeding as well as last diaper change using parent engagement app. Please label all containers brought from home with milk type (BM for breastmilk, F for formula) and label with child's first and last name and date. The classroom teacher will transfer all items brought from home and store in an individual labeled container per child.

Car seats: We have limited space for car seats in the lobby area that are served on a first-come basis. During arrival and departure, we recommend leaving car seats outside the classroom to minimize contamination in the infant classrooms and ensure the safety of our crawlers.

Animal Friends: We allow animals for classroom activities with restriction. According to state regulations and guidelines- 15A NCAC 18A.2381 Animal and Vermin Control-(a) Unrestrained animals, except those used in supervised activities or pet therapy programs, shall not be allowed in a childcare center, including the outdoor learning environment. When animals are on the premises, copies of vaccination records required by North Carolina law and local ordinances shall be available for review. All animals will require Director approval prior to being brought into the school for classroom activities.

Technology Use Screen time will only be provided for children ages two and up. This time will be limited, monitored, and solely educational. It may include the Kaplan learning modules including the smart board, tablets, or television.

School Age Transportation: For school age children, please notify us of schedule changes ahead of time to prevent any miscommunication between their school and our staff. If your child is on our roster for the bus ride, we are required to keep all other children waiting while we ensure the safety of your child during an uninformed absence. Service will be provided to Scotts Ridge Elementary and Apex Elementary School at this time. Background checks and qualifying letters are required for all staff prior to entering the classroom. Additionally, Motor Vehicle Checks are required for van drivers. The driver must be at least 25 years of age and in good standing for insurance coverage. Homework time is provided and encouraged for all children, but it is recommended for parents to check after their child for full alignment.

Enrichment Programs: Our curriculum incorporates Spanish, Sign language, and Technology as part of our program offering. We update our enrichments based on research and parent feedback to offer paid enrichment programs such as soccer etc.

Parent Volunteers and Room Parents Volunteers are welcome to share in our classrooms to help enhance the program offering across curricular and cultural themed activities. We may provide a courtesy notification to families but are not required to have advance notice as volunteer activities are always supervised by our classroom staff to maintain teacher-child ratios without the volunteer included in counts. Volunteering activities may be restricted in times of any internal or external situations including but not limited to pandemic, temporary disease outbreaks, state/ federal emergencies or any other unavoidable circumstances/situation as the Center sees fit.

16. Travel Policy

If you or anyone in your household has traveled out of State on vacation/other purposes, unless you are fully vaccinated, the center may require the child to get a negative COVID test done and presented before returning to the center. Further, if you or anyone in your household has travelled internationally, within the last 10 days, you may be required to quarantine for 10 days

before returning, unless the member(s) are fully vaccinated at the time of travel and has obtained clearance to enter the country with a negative COVID test. The center may require papers to prove negative COVID results before return.

Appendix 2: The Flu: A Guide for Parents

Influenza (also known as flu) is a contagious respiratory illness caused by influenza viruses that infect the nose, throat and lungs. Flu is different from a cold, and usually comes on suddenly. Each year flu viruses cause millions of illnesses, hundreds of thousands of hospital stays and thousands or tens of thousands of deaths in the United States.

Flu can be very dangerous for children. CDC estimates that between 6,000 and 26,000 children younger than 5 years have been hospitalized each year in the United States because of influenza. The flu vaccine is safe and helps protect children from flu.

What parents should know

How serious is flu?

While flu illness can vary from mild to severe, children often need medical care because of flu. Children younger than 5 years and children of any age with certain long-term health problems are at high risk of flu complications like pneumonia, bronchitis, sinus and ear infections. Some health problems that are known to make children more vulnerable to flu include asthma, diabetes and disorders of the brain or nervous system.

How does flu spread?

Flu viruses are thought to spread mainly by droplets made when someone with flu coughs, sneezes or talks. These droplets can land in the mouths or noses of people nearby. A person also can get flu by touching something that has flu virus on it and then touching their mouth, eyes, or nose.

What are flu symptoms?

Flu symptoms can include fever, cough, sore throat, runny or stuffy nose, body aches, headache, chills, feeling tired and sometimes vomiting and diarrhea (more common in children than adults). Some people with the flu will not have a fever.

Protect your child

How can I protect my child from flu?

The first and best way to protect against flu is to get a yearly flu vaccine for yourself and your child.

- Flu vaccination is recommended for everyone 6 months and older every year. Flu shots and nasal spray flu vaccines are both options for vaccination.
- It's especially important that young children and children with certain long-term health problems get vaccinated.
- Caregivers of children at high risk of flu complications should get a flu vaccine. (Babies younger than 6 months are at high risk for serious flu complications, but too young to get a flu vaccine.)
- Pregnant women should get a flu vaccine to protect themselves and their baby from flu. Research shows that flu vaccination protects the baby from flu for several months after birth.
- Flu viruses are constantly changing and so flu vaccines are updated often to protect against the flu viruses that research indicates are most likely to cause illness during the upcoming flu season.

Is flu vaccine safe?

Flu vaccines are made using strict safety and production measures. Millions of people have safely received flu vaccines for decades. Flu shots and nasal spray flu vaccines are both options for vaccination. Different types of flu vaccines are licensed for different ages. Each person should get one that is appropriate for their age. CDC and the American Academy of Pediatrics recommend an annual flu vaccine for all children 6 months and older.

What are the benefits of getting a flu vaccine?

- **A flu vaccine can keep you and your child from getting sick.** When vaccine viruses and circulating viruses are matched, flu vaccination has been shown to reduce the risk of getting sick with flu by about half.
- **Flu vaccines can keep your child from being hospitalized from flu.** One recent study showed that flu vaccine reduced children's risk of flu-related pediatric intensive care unit admission by 74%.

- **Flu vaccine can prevent your child from dying from flu.** A study using data from recent flu seasons found that flu vaccine reduced the risk of flu-associated death by half among children with high risk medical conditions and by nearly two-thirds among children without medical conditions.
- **Flu vaccination also may make your illness milder if you do get sick.**
- **Getting yourself and your child vaccinated also can protect others** who may be more vulnerable to serious flu illness, like babies and young children, older people, and people with certain long-term health problems.

What are some other ways I can protect my child against flu?

In addition to getting a flu vaccine, you and your child should take everyday actions to help prevent the spread of germs.

Stay away from people who are sick as much as possible to keep from getting sick yourself. If you or your child are sick, avoid others as much as possible to keep from infecting them. Also, remember to regularly cover your coughs and sneezes, wash your hands often, avoid touching your eyes, nose and mouth, and clean surfaces that may be contaminated with flu viruses. These everyday actions can help reduce your chances of getting sick and prevent the spread of germs to others if you are sick. However, a yearly flu vaccine is the best way to prevent flu illness.

If your child is sick

What can I do if my child gets sick?

Talk to your doctor early if you are worried about your child's illness.

Make sure your child gets plenty of rest and drinks enough fluids.

If your child is 5 years or older and does not have a long-term health problems and gets flu symptoms, including a fever and/or cough, consult your doctor as needed.

Children younger than 5 years of age – especially those younger than 2 years – and children with certain long-term health problems (including asthma, diabetes and disorders of the brain or nervous system), are at high risk of serious flu complications. Call your doctor or take your child to the doctor right away if they develop flu symptoms.

What if my child seems very sick?

Even healthy children can get very sick from flu. If your child is experiencing the following emergency warning signs, you should go to the emergency room:

- Fast breathing or trouble breathing
- Bluish lips or face

- Ribs pulling in with each breath
- Chest pain
- Severe muscle pain (child refuses to walk)
- Dehydration (no urine for 8 hours, dry mouth, no tears when crying)
- Not alert or interacting when awake
- Seizures
- Fever above 104°F
- In children less than 12 weeks, any fever
- Fever or cough that improve but then return or worsen
- Worsening of chronic medical conditions

This list is not all inclusive. Please consult your medical provider for any other symptom that is severe or concerning.

Is there a medicine to treat flu?

Yes. Antiviral drugs are prescription medicines that can be used to treat flu illness. They can shorten your illness and make it milder, and they can prevent serious complications that could result in a hospital stay. Antivirals work best when started during the first 2 days of illness. Antiviral drugs are recommended to treat flu in people who are very sick (for example, people who are in the hospital) or people who are at high risk of serious flu complications who get flu symptoms. Antivirals can be given to children and pregnant women.

How long can a sick person spread flu to others?

People with flu may be able to infect others from 1 day before getting sick to up to 5 to 7 days after. Severely ill people or young children may be able to spread the flu longer, especially if they still have symptoms.

Can my child go to school, day care, or camp if he or she is sick?

No. Your child should stay home to rest and to avoid spreading flu to other children or caregivers.

When can my child go back to school after having flu?

Keep your child home from school, day care, or camp for at least 24 hours after their fever is gone. (The fever should be gone without the use of a fever-reducing medicine.) A fever is defined as 100°F (37.8°C)* or higher.

*Many authorities use either 100 (37.8 degrees Celsius) or 103.4 F (39.0 degrees Celsius) as a cut-off for fever, but this number can vary depending on factors such as the method of measurement and the age of the person.
