Why Celebrate different cultures?

(September 21st)

Diversity is a whole that is greater than the sum of its parts, which include race, ethnic origin and color, religion and creed, sexual orientation, age and ability, to name but a few. As ever evolving creatures in an ever changing world, the innumerable aspects of our humanity - all our ways of being, knowing and moving through the world - are contained in this one concept.

- Back-to-School night (September 3rd)
- Celebrating Cultures (September 18th)
- Update all enrollment papers for fall
- Turn in updated shot records and health statement and if your child is 4 vision and hearing
