

September News

Dear Lighthouse Families,

Our hearts go out to all of the victims from Hurricane Harvey including the loss of one of our very own students, Noah Delgado, who was unable to reach the hospital during an asthma attack due to flooding waters. We hope all of our other families are safe and well.

Welcome back to school! We had an exciting, adventure filled summer and we are now ready to get back to our C.A.R.E.S. curriculum.

We are looking forward to another year of learning and partnership. With the new school year starting, we have added several exciting new things to our curriculum and classrooms. This school year, we have added a ne technology piece called **Letters Alive**. This enables the letters to become 3-D and "come alive" in animal form. It will help children with phonological awareness, letter recognition, sight words and even building sentences. We are very excited to kick off this new curriculum piece.

Please join us this month for Grandparent's Brunch, Donuts with the Assistant Director- Ms. Andrea, and Parent's Night Out!

We are looking forward to another great school year!

Shannon Maddasion / Campus Director

LABOR DAY

Did You Know...Labor Day

The first Labor Day holiday was celebrated on Tuesday, September 5, 1882, in New York City, in accordance with the plans of the Central Labor Union. The Central Labor Union held its second Labor Day holiday just a year later, on September 5, 1883.

In 1884 the first Monday in September was selected as the holiday, as originally proposed, and the Central Labor Union urged similar organizations in other cities to follow the example of New York and celebrate a "workingmen's holiday" on that date. The idea spread with the growth of labor organizations, and in 1885 Labor Day was celebrated in many industrial centers of the country.
